## INVITATION

If you are a dreamer, come in,  
If you are a dreamer, a wisher, a liar,  
A hope — er, a pray — er, a magic bean buyer . . .,  
If you're a pretender, come sit by my fire  
For we have some flax — golden tales to spin.  
Come in!  
Come in!

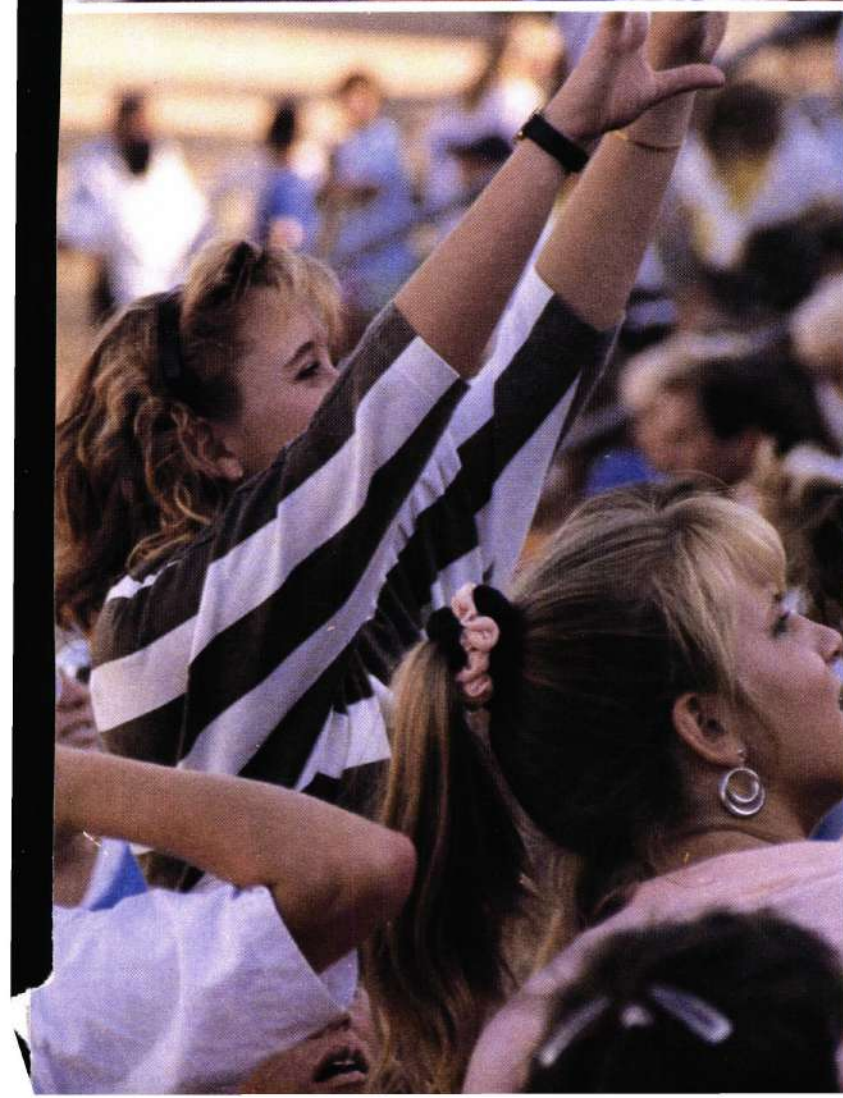

You may be frightened — and it's sad, because  
you are leaving something behind — but go  
forward. That's what life is all about.

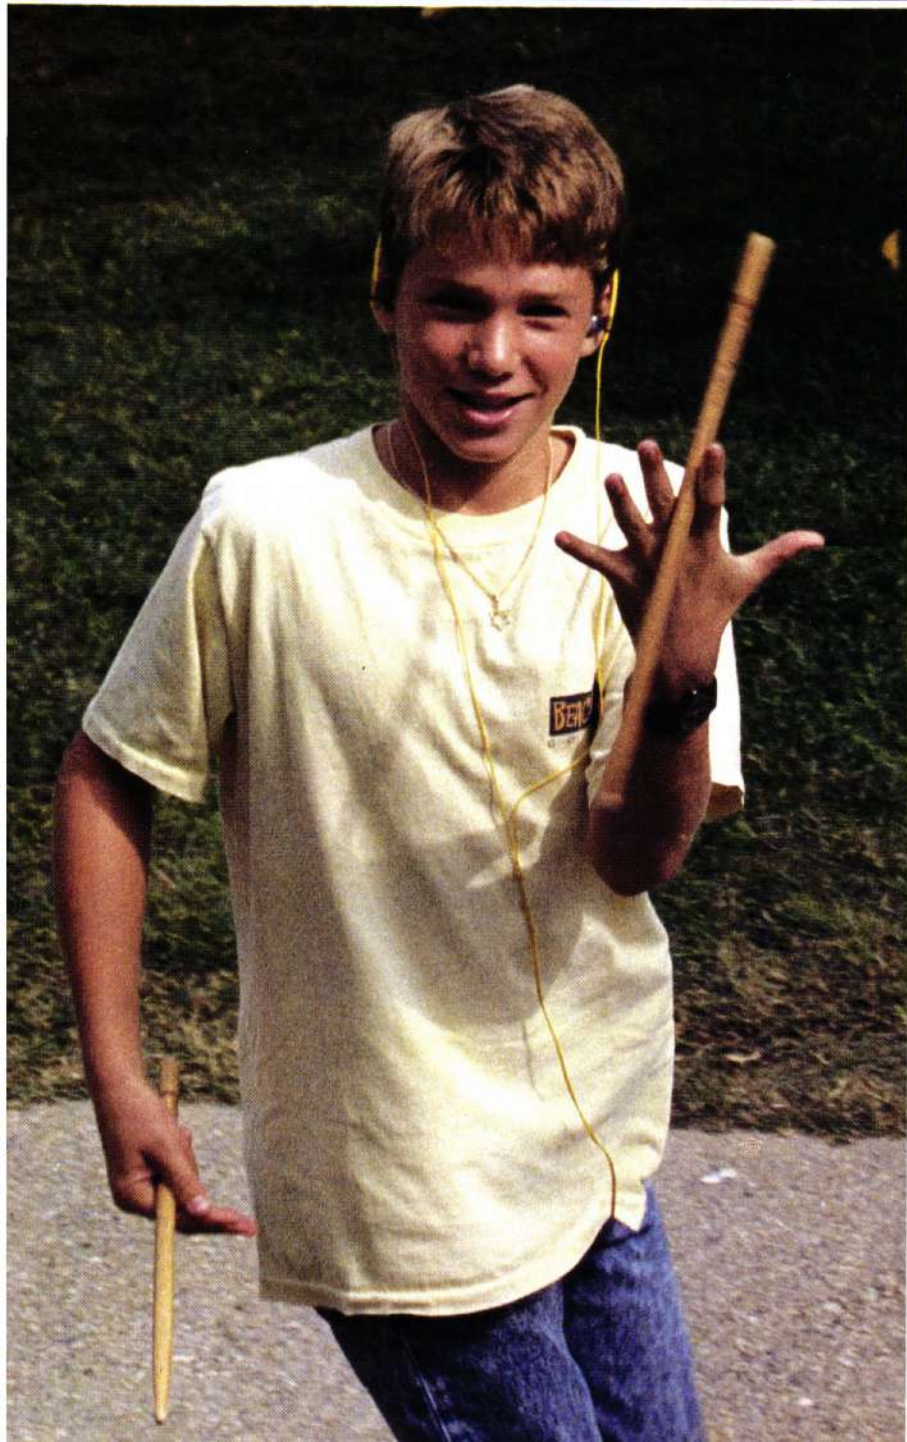

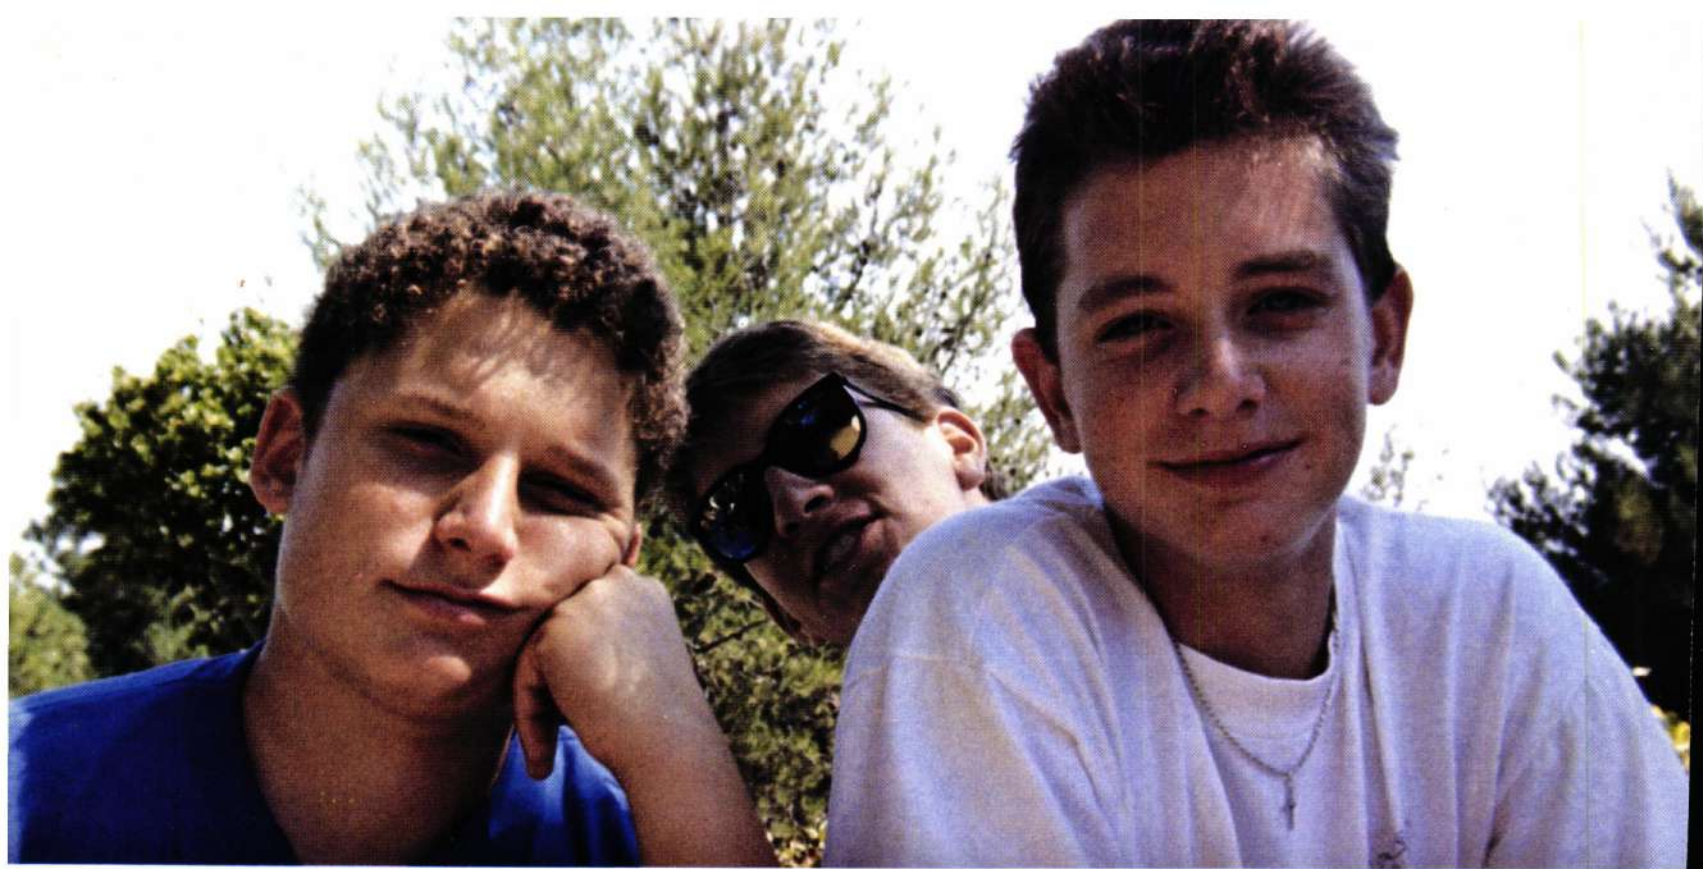

---

George Lucas  
— Rolling Stone Magazine —

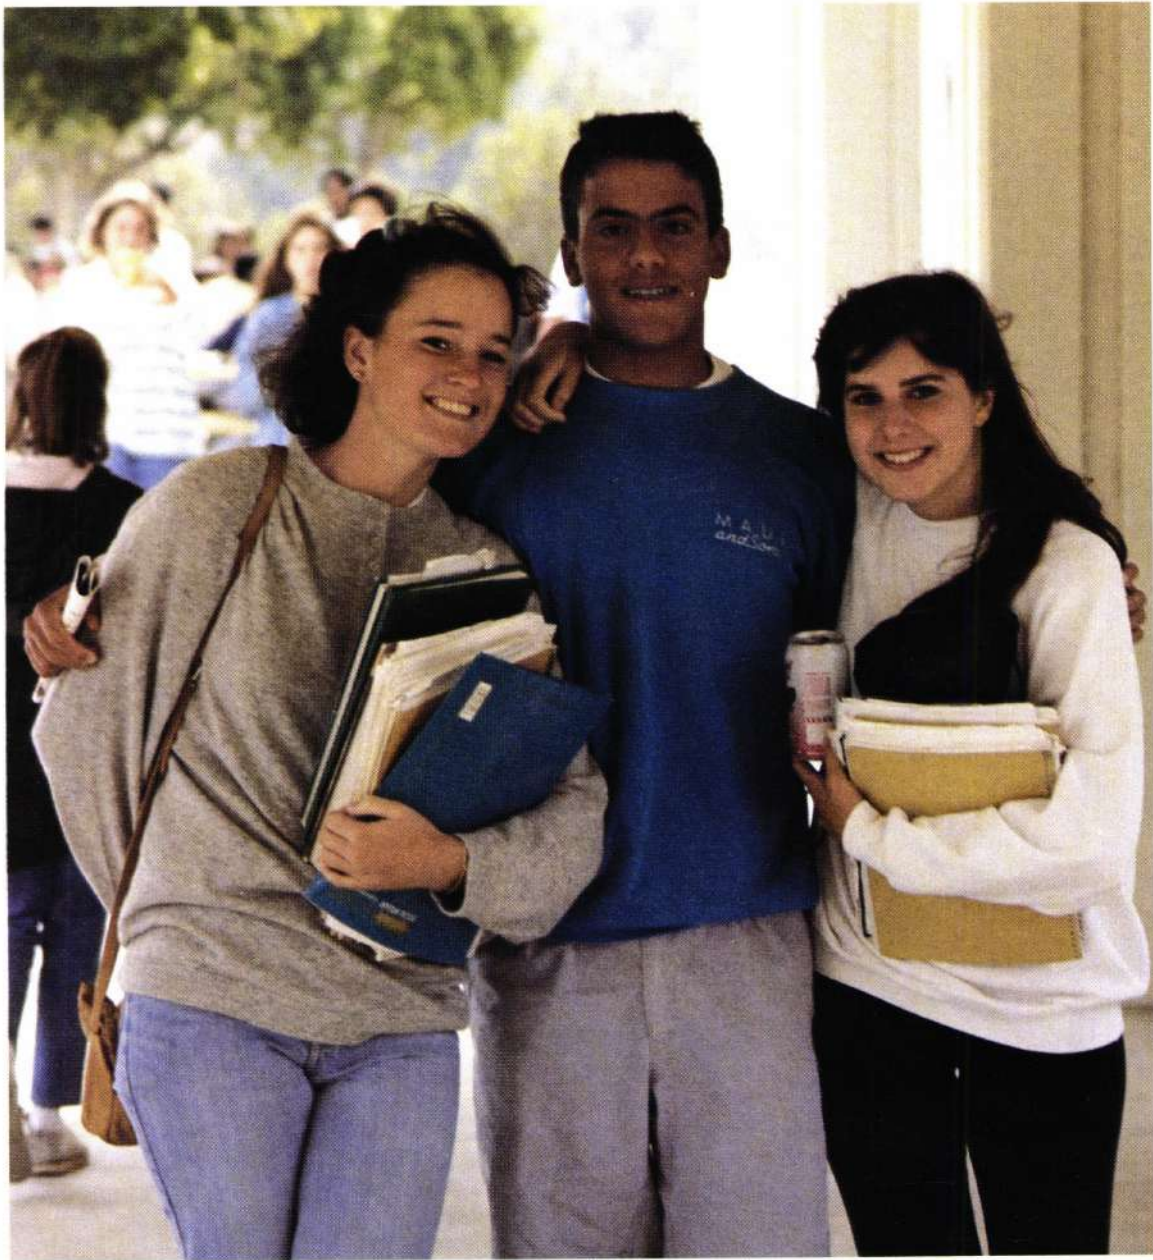

People talk about how strange I am. Of course, being inside myself, not having the perspective, I don't think I'm odd at all. I can see that what I'm doing is not exactly what everyone else is doing, but I don't think of it as strange.

— David Byrne

My skin is kind of brownish  
Pinkish yellowish white.  
My eyes are greyish blueish green,  
But I'm told they look orange in the night.  
My hair is reddish blondish brown,  
But it's silver when it's wet.  
And all the colors I am inside  
Have not been invented yet.

---

— Shel Silverstein

I will be coming home again

Except for the part where you have to go to class, school can be almost bearable. Parents want you to go to school so someone else can nag you for a while and put you through the kind of dumb routines that are supposed to prepare you for life and make you as miserable as they are. If school were Star Trek or something, you'd be one of the planets that Kirk had to save, except he'd probably have to blow up your parents and most of your teachers etcetera, to put them out of their misery. Well, Kirk isn't here, but you've graduated anyway, so don't sweat it.

# Typical Students:

Freshmen

He's the munchkin of MHS. He's lost, confused, and overwhelmed. An average sized shirt dwarfs his miniture build. His time is spent playing sports with his friends and dodging upperclassmen. When his older brother has the heart to take him to school, he rides in the trunk, which isn't a tight fit.

She's trendy, cool, hip, and on top of the world. Her heavily made-up eyes are covered by shades. Her favorite pastimes include shopping, talking on the phone, and religiously reading "Seventeen." She makes sure her Tom Cruise fanclub membership never runs out.

He's the geek. His glasses, broken as usual, are held together with a Band-Aid. His pocket is filled with pens, and his polyester pants are rolled up. He and his U.S. News and World Report spend lots of time together at the library.

# Have You Seen Them?

## Sophomores

Party animal. This year she's finally driving and has found that parties and guys are a lot more fun than T.V. She dresses for the beach: tank top, sarong, a lei, and barefoot, her party glass in hand.

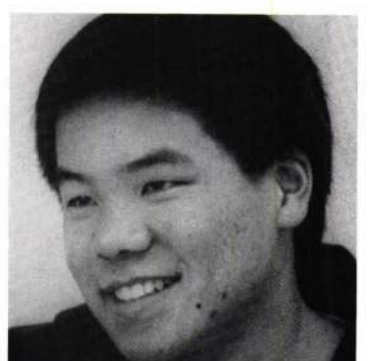

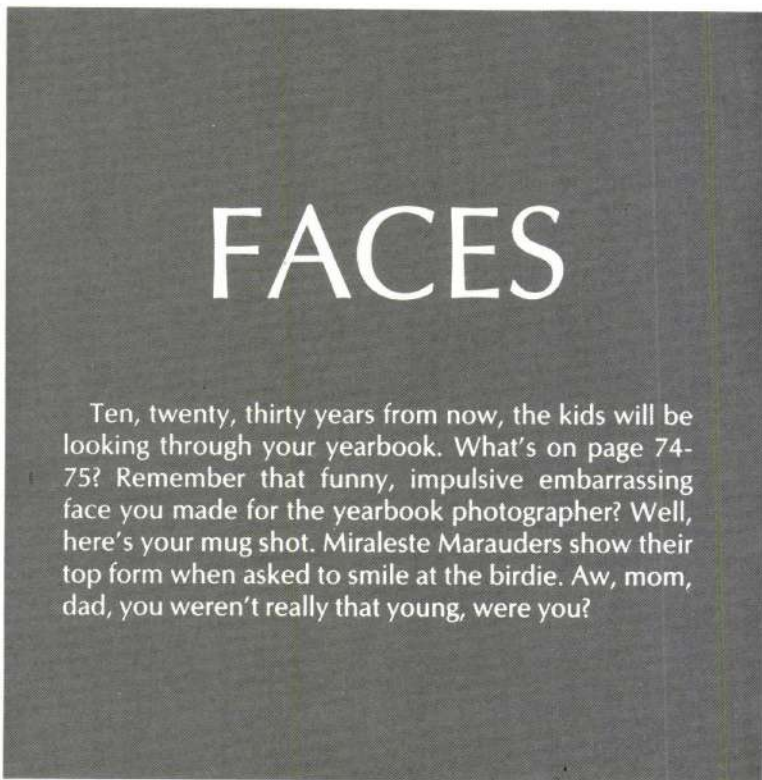

## Junior

Juniors can be likened to rah-rahs. They are extremely energetic on account of stressful classes. This particular specimen can be found frequenting parties, and attacking members of the opposite sex.

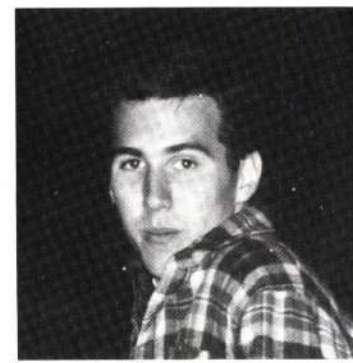

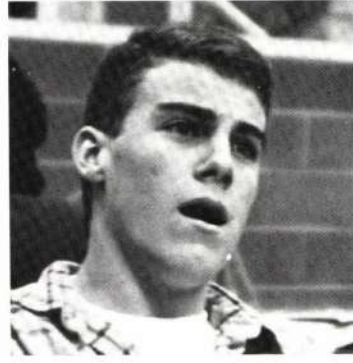

## Senior

Laid back and out sick with senioritis, graduation can't come too soon. When she does manage to get to school, comfort and practicality are major factors. Sweats double as in-class sleepwear, while the T-shirt announces last weekend's activities. Ray-Bans block out the sun's glare, as well as her teachers'! Comfy tennies are worn so as to maximize sprinting capabilities to the parking lot at lunch.

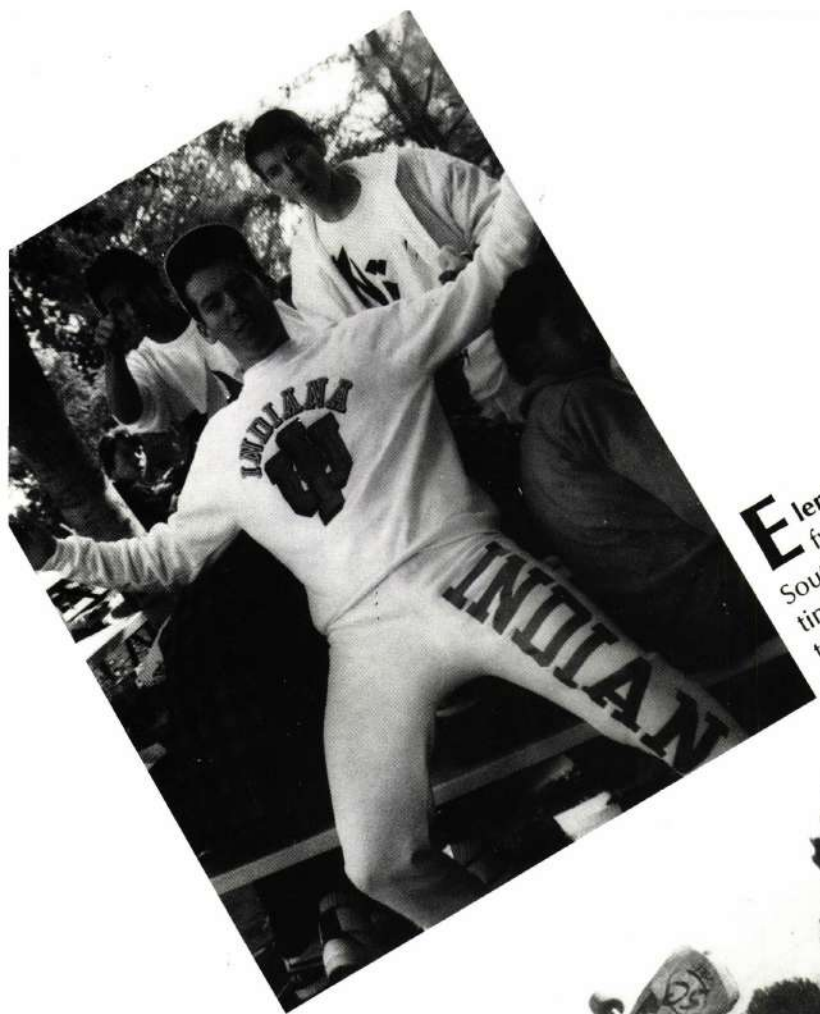

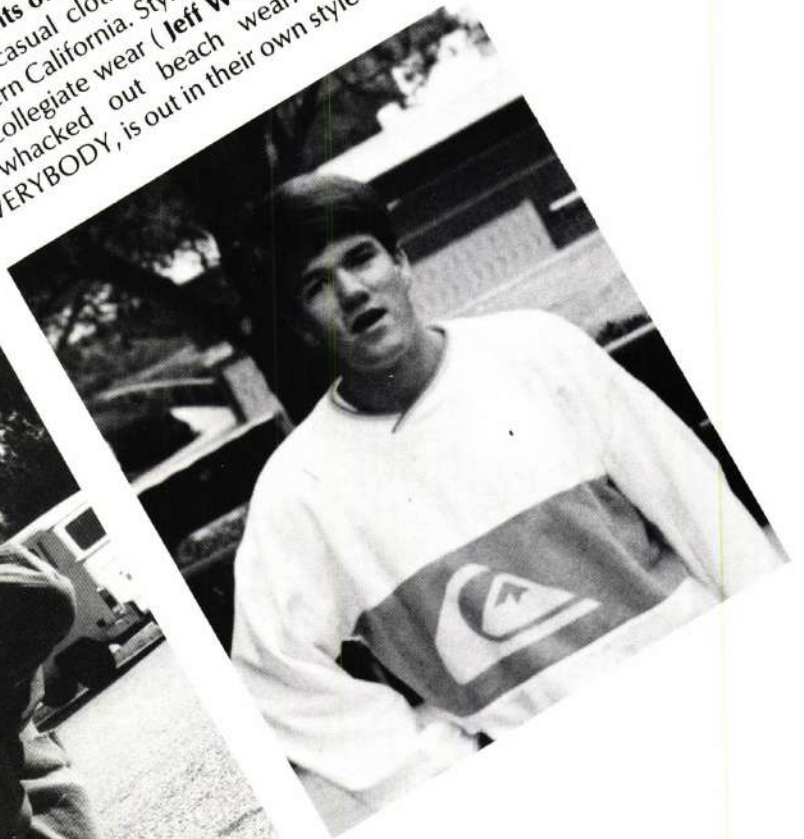

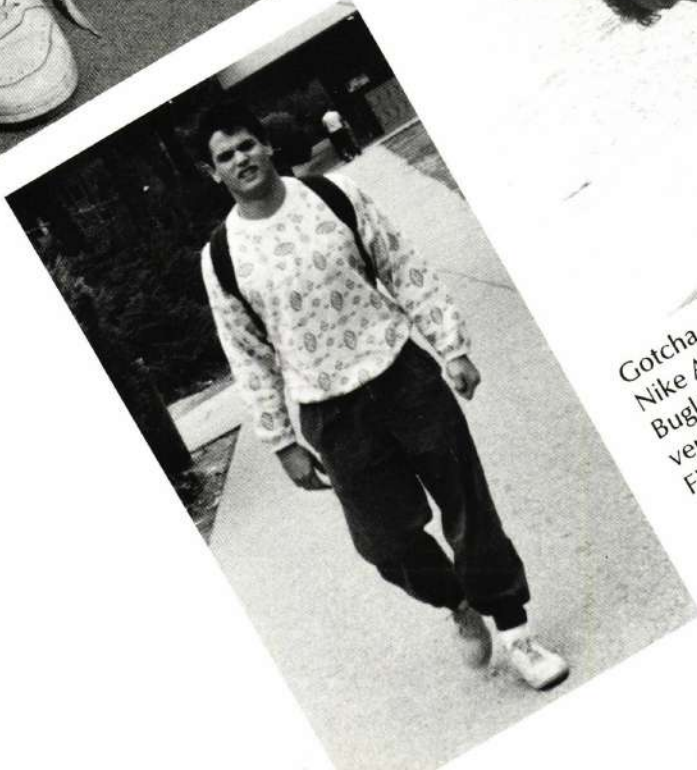

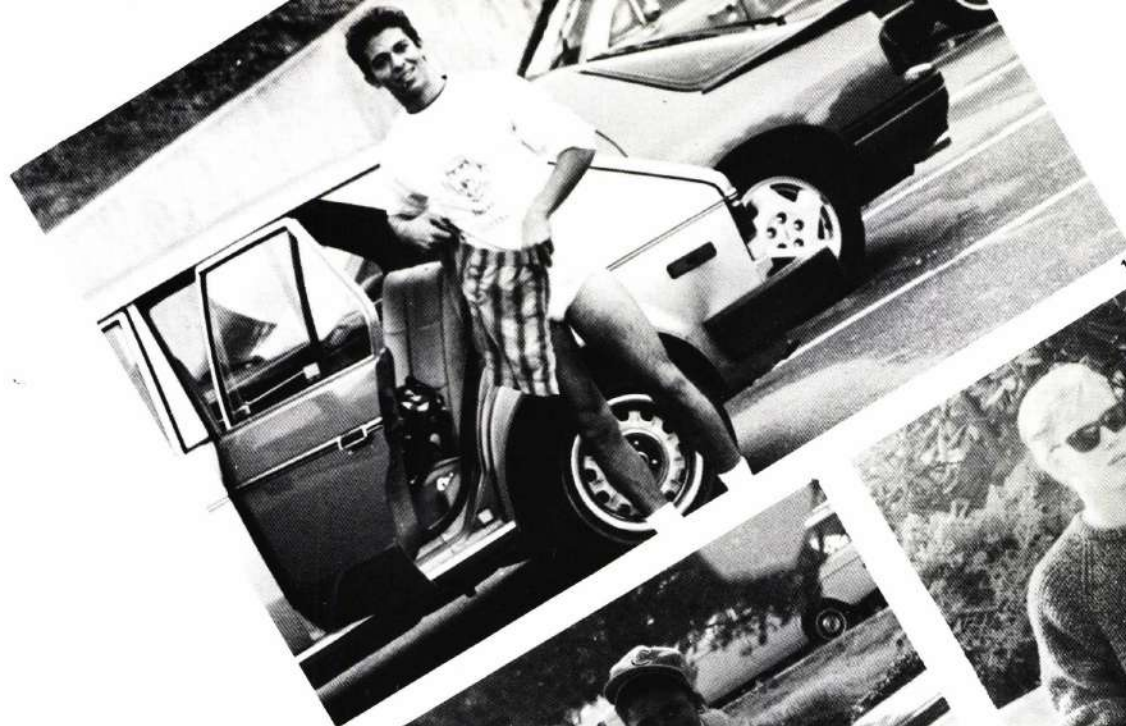

**E**lements of Style: Men of Miraleste sport comfy, casual clothes that reflect the essence of Southern California. Styles range from Seniors sporting collegiate wear (**Jeff Wright** knows who's #1) to whacked out beach wear. But everybody, EVERYBODY, is out in their own style.

# Fashion

**A Different Beat:** Women of Miraleste present themselves in styles both unique and attractive. Wildly differing, one might see a conservative Esprit Sport Ensemble next to a psychedelic Tie-Dye shirt and faded jeans.

Miraleste Marauders are infamous for two things: their parties and their cars. One look at our parking lot reveals dozens upon dozens of gleaming cars. Many of them sporting (well, interesting) license plates.

# ACTION

1. Dean Yasuda is wondering who wants to take his picture now. 2. Gary Murchison shows what a real car can do. 3. Here's a person who believes in giving some advice. 4. Marauder gridlock. 5. It's not who you are, it's what you ride.

Well, it's one for the money . . .

. . .two for the show . . .

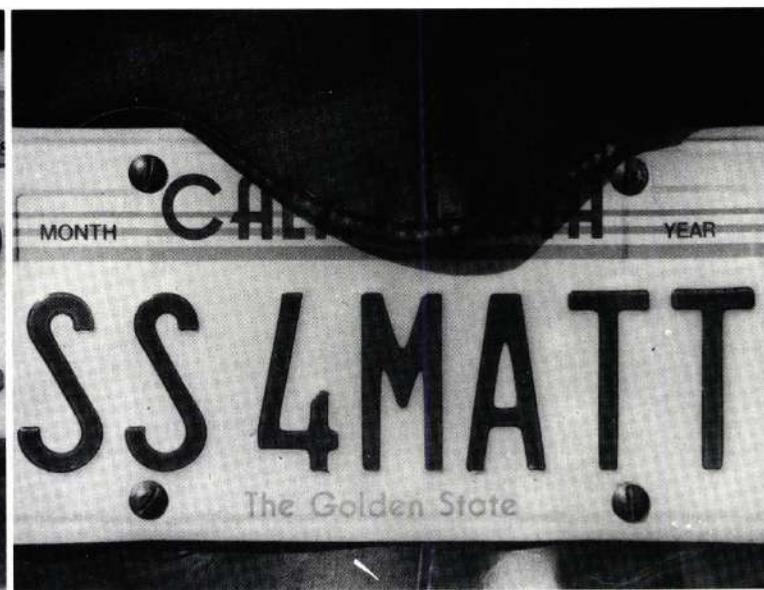

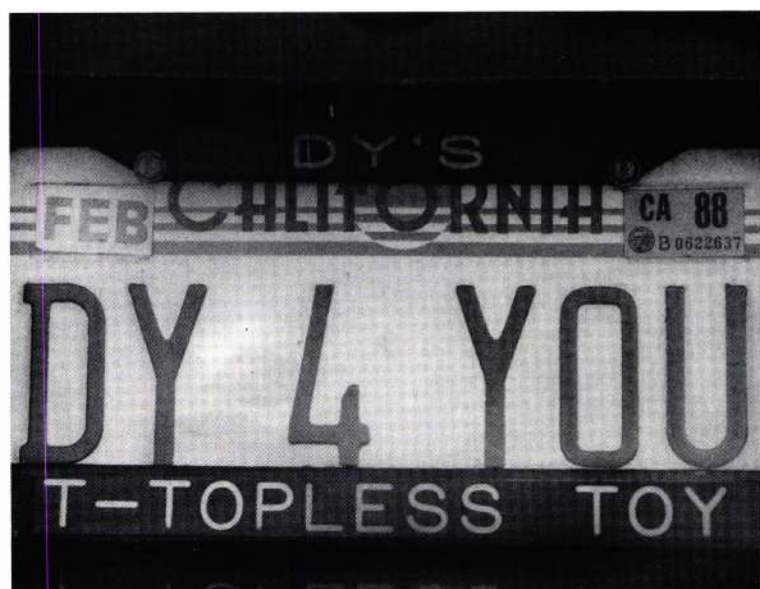

. . .three to get ready . . .

. . .and four to go!!!

# The Silver Screen

Multiple IMAGES can coalesce to form a moving picture. Here at Miraleste, we call them, simply, movies. Any time is a good time to see a movie, yet most Miraleste students confine their cinema time to the weekends. At six dollars per person plus any other additional costs, movies have become quite expensive, but not enough to keep Marauders from enjoying a good flick.

## THE TOP FIVE MOVIES OF 1987-88

- 1) Fatal Attraction
- 2) Good Morning Vietnam
- 3) Dirty Dancing
- 4) Planes, Trains, and Automobiles

# Saturday Night Live

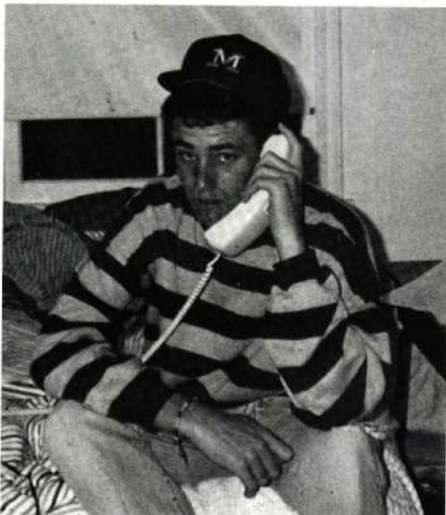

Monday morning. Nothing to look forward to but a long, long, long week. Days pass, slowly. Get up, go to school, go to bed. Over and over, every day. Finally, Friday and the very last bell sounds, and we're free. The weekend has finally arrived. The biggest question that enters our mind is whether to watch the Smurfs or the Muppet Babies on Saturday morning cartoons. The only real quandary is "What should I do tonight?" Although the Hill is pretty quiet on the weekend, Miraleste students usually manage to rouse a ruckus here and there. So what does a true Marauder do during their few days of freedom? First, they recover all the lost sleep from the previous week. Then, they PARTY !! . . . or most people do. If you're not the festive type, then there's movies to go see or quick trips to Penguins for a yogurt fix. Of course, for the really unfestive (a.k.a. homebodies,) they spend Friday night with their folks catching the latest episode of Miami Vice. Whatever you do, be it shopping, the beach, skiing, or watching "the game" on TV, the most important weekend activity is having fun and trying not to think about the "brain-drain" which is only a Monday away.

# The Good, the Bad and the Ugly

## Incidents That Made It Big

The year 1987 has ended and the new year has begun with a blink of an eye. Can you remember when, or who made the front page of your local newspaper? Well, that's why this special current events page has been available for those interested . . .

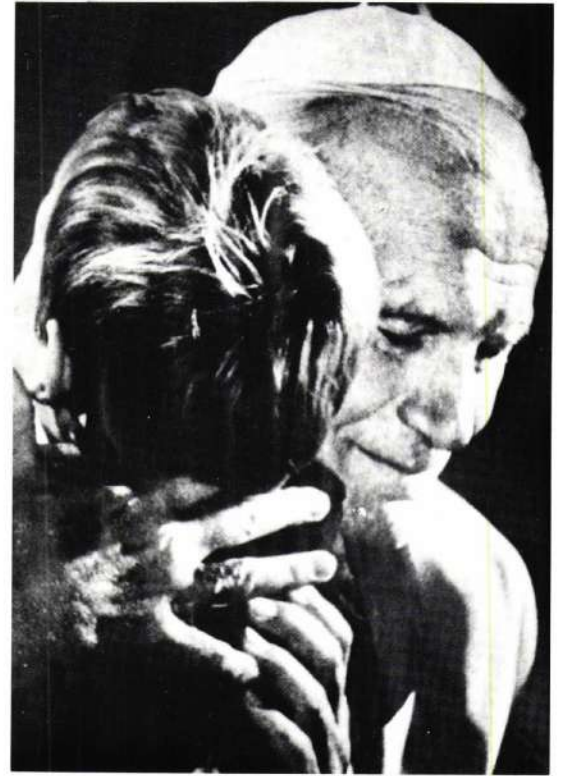

In the summer of 1987, Oliver North took the stand in front of the Congress to defend his involvement in the Iran-Contra Aid Scandal. He was accused of deceiving the U.S. Congress about funneling cash from the Iran arms sale to the Nicaraguan Contras. The people of the U.S. called him a "National Hero."

Do you remember the "Pope-mobile," the bullet proof procession car for the Pontiff? On September 15th and 16th, Pope John Paul II arrived in Los

Angeles. He came and touched all American hearts with his intimate speeches about human love.

Did you invest into stocks? Did you lose hundreds of dollars? Don't feel bad! Hundreds of U.S. investors put their money in the stock market and lost their shirts. On October 19, 1987, "Black Monday" struck the financial markets hard. The United States economy plunged to its depths in a virtual repeat of a financial meltdown almost 60 years ago.

In the world at large, President Reagan and Mikhail Gorbachev nudged each other off the path of nuclear destruction. Together, at the Washington summit, the leaders formed a treaty to eliminate all intermediate-range nuclear missiles.

Have you been dodging stray bullets on the Harbor or Long Beach Freeways? Recently, a number of drive-by-shooting incidents have caused deaths in the L.A. Basin. The LAPD said the shooting may have been caused by gang violence. Next time you see a black dot approaching your windshield, duck, because it might not be a kamikaze bug.

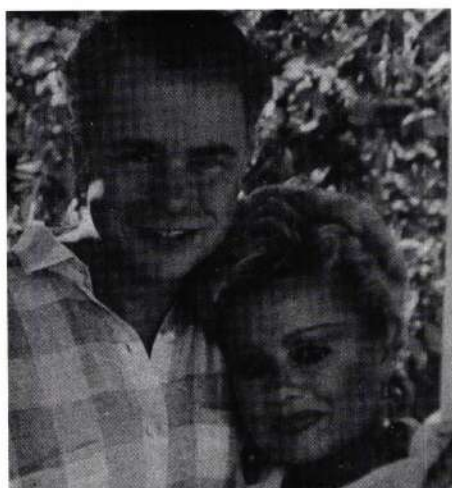

Also, a number of airplane crashes have occurred this year. In Indiana, a vengeful ex-employee was responsible for a crash that killed all on board.

# Make Headlines in 1987-1988

## Celebrities Brighten Up the Year

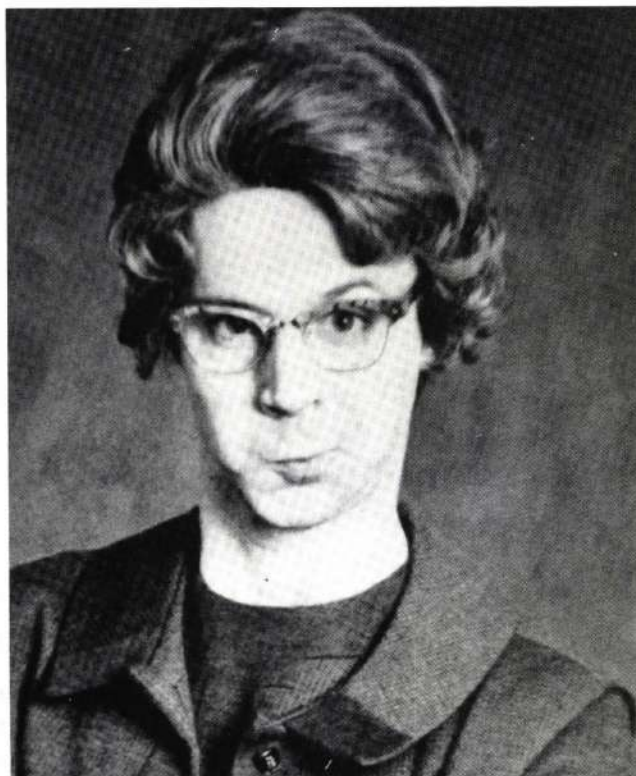

### Famous Faces

The year of 1987-1988 brought many new celebrities as well as the return of many established ones.

Among the list of new stars was Dana Carvey of the show **Saturday Night Live**. He gained fame as the moralistic and "special" Church Lady.

The year also brought the end of Gary Hart's presidential chances with some "Monkey Business" a la Donna Rice. Also shooting to fame was Fawn Hall, loyal secretary to Oliver North of Iran-Contra notoriety.

Another newsmaker was Jessica Hahn. Her tryst with Jim Bakker brought an end to his leadership of the PTL ministry. Later, Jimmy Swaggart was found guilty of similar conduct.

On TV, we were amazed by the dancing Raisins, who heard it through the grapevine, and Joe Isuzu who told the most unbelievable things to sell a car.

The year has indeed given us many lasting memories.

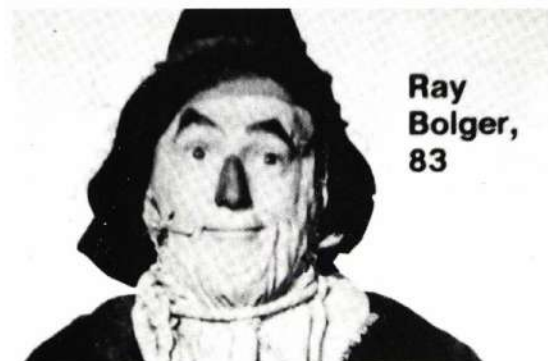

### The World of Sports

The Lakers led by Earvin "Magic" Johnson won the 1987 NBA Championship and their quest for two-in-a-row continued in 1988.

In football the Washington Redskins steamrolled the Denver Broncos to capture the Vince Lombardi Trophy in Superbowl XXII.

Boxing was dominated by the youngest heavyweight champion ever, powerhouse Mike Tyson. He proved to be almost unstoppable.

In baseball the Minnesota Twins went the distance to win the World Series.

### Personalities We Will Miss

1987-1988 also marked the deaths of some well known people. Their memories shall live on.

Among those who passed away were Andy Warhol, Lee Marvin, Fred Astaire, Danny Kaye, Jackie Gleason, Ray Bolger, Lorne Greene, Liberace, Rita Hayworth, James Coco, Dean Paul Martin, and John Huston.

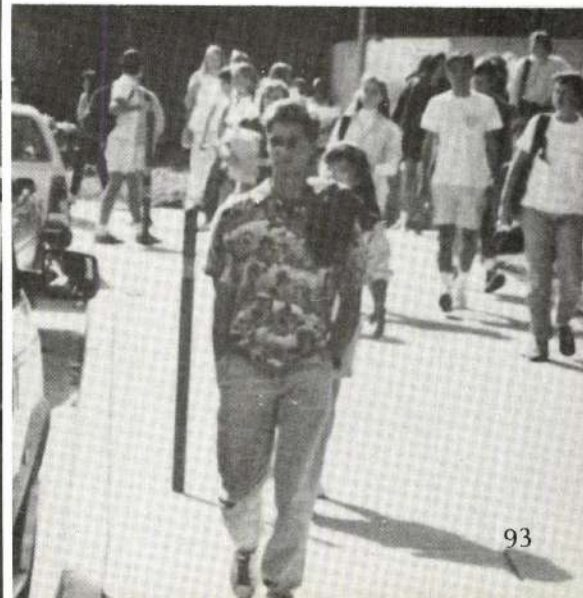

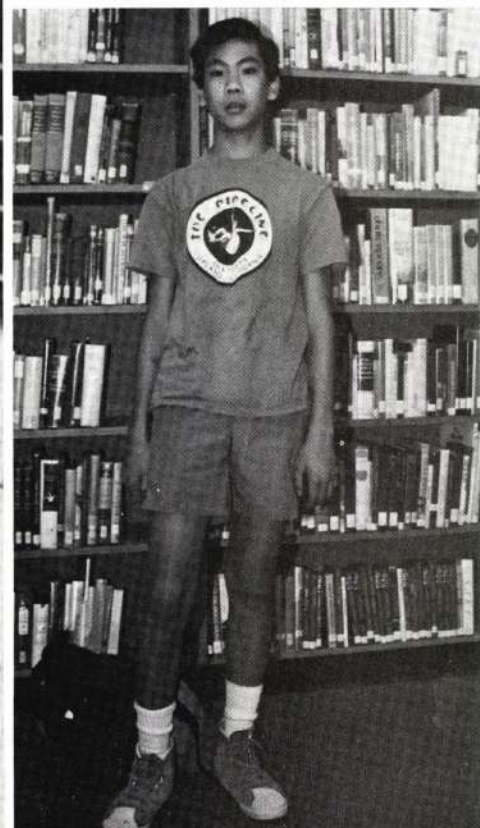

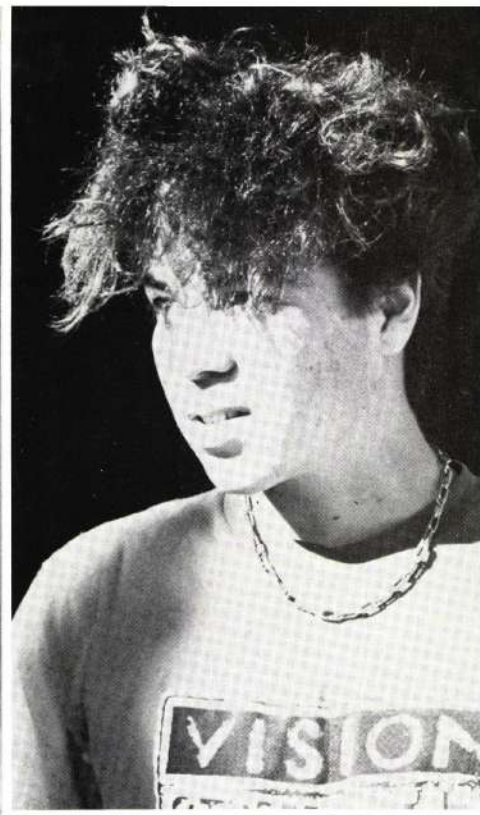

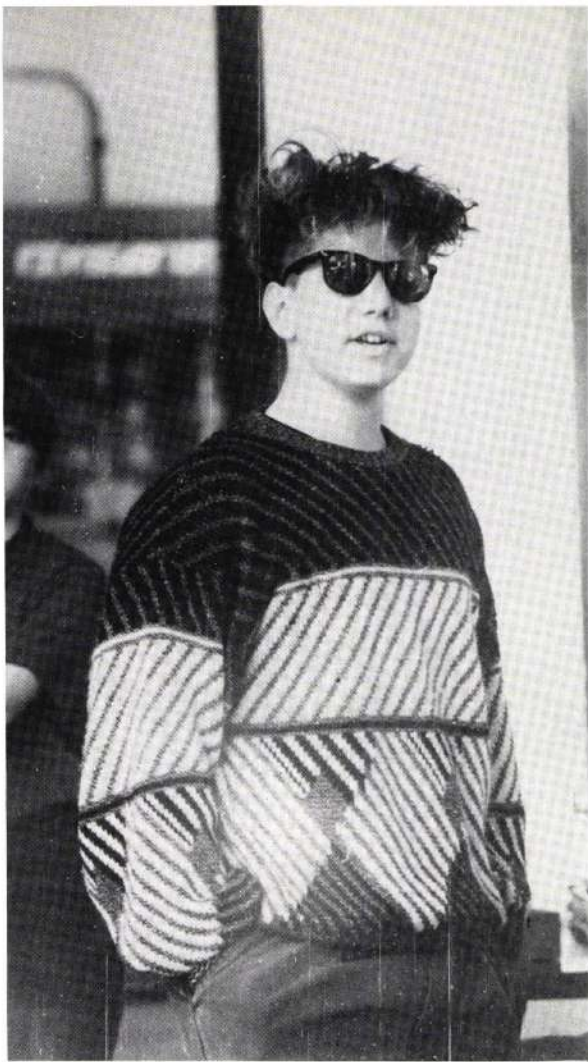

# ATE Red

## ImagE 2S

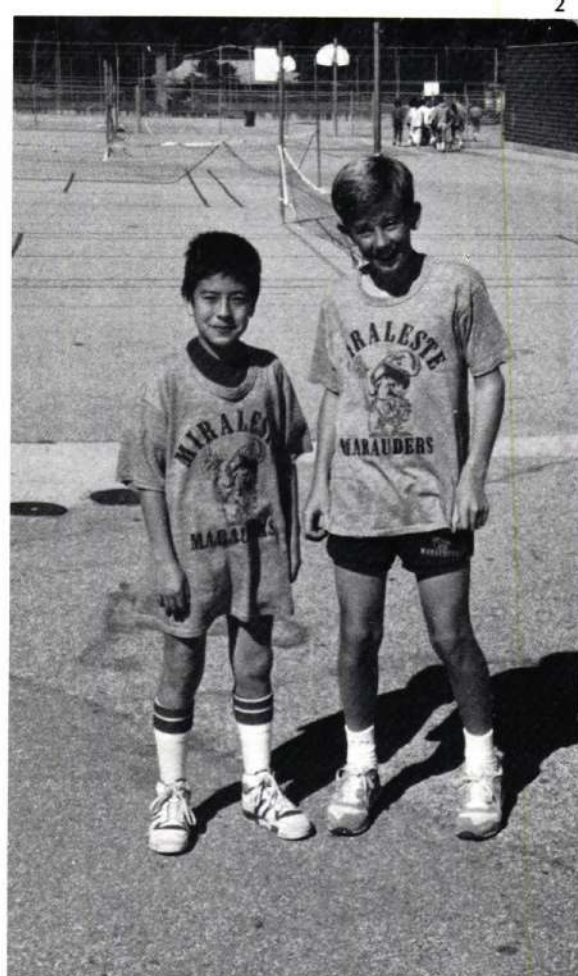

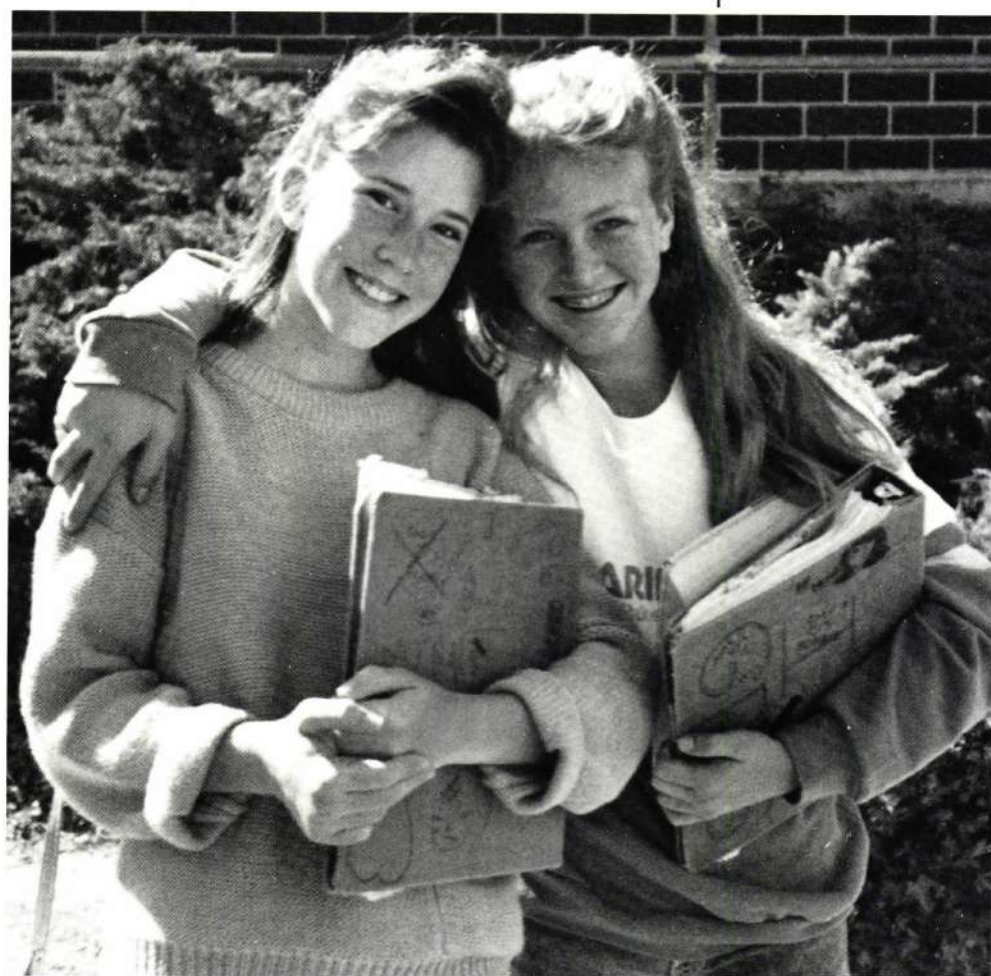

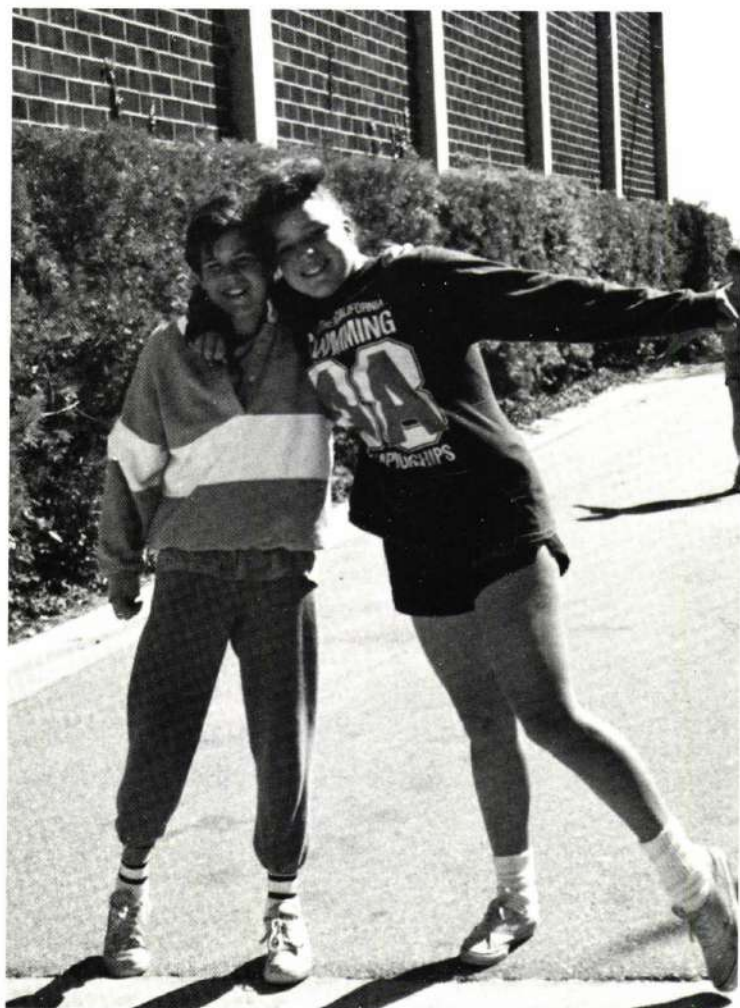

Although Miraleste had its share of trendy fashion victims, most Marauders would also agree that it possesses a decent sized group of fashion leaders. From the slightly off-color GQ look to the crazed surf-punk image, Marauders went out of their way to make a statement. Neo hippies came back in full force with tie-dye shirts and granny glasses galore. "Classic" punkers seemed to opt for the low keyed basic black "mod" style, while others just broke out of the norm for the sheer fun of it.

## The Madcap Misadventures of Matthew the Marauder

Matthew the Marauder, the hero of Miraleste High School, came to school after a(n) \_\_\_\_\_ summer vacation. His body was \_\_\_\_\_ and his hair was \_\_\_\_\_ *adjective* from the summer sun. His eyes were blue like the \_\_\_\_\_ *color* at the \_\_\_\_\_ *noun* where he spent his whole summer. His summer had been \_\_\_\_\_ *adjective*. Also this year he would be a \_\_\_\_\_ *grade*, and it would be his best year ever. He walked onto campus, his \_\_\_\_\_ *noun* swelling with pride. He soon realized that there wasn't anyone else at school. He looked at his watch and saw that school was supposed to start in \_\_\_\_\_ *number* minutes. Even the gray dog with one white \_\_\_\_\_ *noun* was no where to be seen. Then Matthew realized suddenly that school wasn't supposed to \_\_\_\_\_ *verb* for another week. Slowly he turned around with his \_\_\_\_\_ *noun* down and his \_\_\_\_\_ *part of body* slumped, and he walked back to the parking lot. What a(n) \_\_\_\_\_ *adjective* way to start his year.

# Girl's Service

Thanks to the enthusiasm of all members, Girl's Service promoted spirit at MHS. Helping the school was the first objective. This included merging Dapplegray, painting the bleachers, Back to School Night, the Homes Tour, the fall play, Awards Night, and graduation. Services didn't stop there. In the community, Girl's Service helped with the Music Fair, the R.H.E. City Celebration, the Courtyard Mall 10K, and the Big Event.

The biggest activities this year were the Progressive Dinner with Key Club and the Spring Fashion Show with Interact, which was spectacular. The hard work and long hours definitely paid off.

The fun never ended with the 4-club trash pick-ups, the Turkey Hop, and the 4-club movie night. Success was a group effort and President, **Ann Fallgren**, thanks every member and especially the helpful and truly awesome board. GSC would never have had such a rewarding year without the help of the Vice Presidents of Service and Activities, **Mari Mizoo** and **Casey Martin**, Secretaries, **Kathryn Pearson** and **Alyson Reynolds**. Thanks to the devoted and energetic advisor, **Mrs. Haynes**, GSC had the best year ever.

# Girls' League

After returning from an incredible summer, the Girls' League Board was ready to start an exciting and innovative year. This year the club wound up with its biggest membership ever — 69 girls. Initiation was once again the kidnap/breakfast, and it tipped off what was to be one of their best years ever. In addition to the traditional activities, such as the Winter Formal, Girls' League endeavors included the Turkey Hop (a 4-club party) and numerous other community and school related activities. This year couldn't have been as successful without the fantastic support of the board members.

President **Michelle Moret** was enthusiastic and energetic about the year and was pleased with the fantastic board that backed her. Social Chairman, **Cindy Towle**, and Secretary, **Martina Lauchengco** were always dependable and willing to help. Treasurer, **Tamara Winter**, did an excellent job of helping raise and spend every dollar this year. Sergeant at Arms, **Charlene Burks**, and V.P., **Monica Schuck**, also made sure the club was always quiet and attentive to the brilliant ideas that were tossed around. The Girls' League Club of Miraleste was designed to foster fun, friendship, and fellowship and to develop self-worth within its members.

Miraleste High School's Key Club is a service club that is part of Key Club International. MHS Key Club is sponsored by the San Pedro Kiwanis Club. Key Club International is the largest high school service organization in the world. In honor of tradition, the MHS Key Club helped the community and the school in many ways. They offered their assistance to local organizations and people who needed help. They helped at the R.H. Racquet Round-up, the Music Fair, and in the clean-up of the MHS campus. Besides these projects, Key Club also collected and distributed toys to underprivileged children at Christmas. They also held an Easter Egg hunt for handicapped students.

Key Club would never have been the same without the help of **Steve Barber** (President), **David Hardesty** (Vice President), **George Salib** and **Mike Ward** (Secretaries), **Doug Sawyer** (Treasurer), **Chad Somers** (Sergeant at Arms), **Barbara Hardesty** and **Lee Strauss** (Sponsors), and, of course, all the Key Club Princesses.

# Interact

Interact, sponsored by the P.V. Rotarians, is primarily a service club dedicated to helping the community and the school. The goal was to continually have service projects throughout the year. They developed a strong sense of unity and camaraderie as they worked together. Interact completed many projects such as working in the library over the summer, painting the bleachers, picking up the litter around the school, and assisting in the R.H.E. 10K run. In addition to the regular luncheons with the Rotary each week, they worked at the Music Festival and continued their annual projects: the blood drive, polio program, Homes Tour, distributing phone books, helping with parking at the Botanical Gardens Quilt & Craft Show, and, of course, graduation.

In addition to the many service projects, Interact attended social events. These included the Fashion Show with Girls' Service, the Progressive Dinner with Girls' League, and the Turkey Hop.

Interact was led by president, **John Woodward**, Vice President, **Gerald Huang**, Secretary, **Toby Graves**, and Treasurer, **Ali Taghavi**. They kept the motto alive: "Service above Self."

# CSF

The California Scholarship Federation recognizes academic achievement. Membership is based on the previous semester's grades and must be reapplied for every semester. An "A" is worth 3 points, a "B" in an honor's class is worth 2 points, and a regular "B" is worth 1 point.

This year's club participated in many fun and helpful activities. It was led by **Martina Lauchengco** and **Steve Zimmerman** (co-presidents), **George Salib** (Vice President), **Maye Chen** (Secretary), **Tina Hibsman** (Treasurer).

Membership for four semesters, including one in the senior year, constitutes a gold sealbearer and life membership, according to sponsor **Sharon Newman**.

# NHS

The Miraleste chapter of the National Honor Society is a service oriented club of the highest achieving portion of the student body. All members exemplify excellence in all areas of student life, including academics, athletics, leadership, and community service. NHS routinely performed such valuable services as free tutoring for students and running the annual book fair to support the library. As all the members of the club were already involved in many other activities, the major purpose of NHS was not to exhaust them further, but to recognize and commend Miraleste's high achievers for helping to maintain the overall excellence of our school.

The responsible and generally incredible NHS council included president **Steven Kan** , Vice President **John Woodward** , Secretary **Brooke Bell** , and Treasurer **Heidi Hoffman** . NHS also held the dubious distinction of being one of only a few clubs on campus with three sponsors. These three supportive and energetic ladies were **Linda Kurt** , **Marion Hanson** , and **Mary Oran** .

# Teen PALs

This was a very successful year for Teen Peer Assistant Leaders. The PALs were a resource for their peers. The group of 56 trained students from 86-87 were finally helping others. The major contribution to MHS was the "Mini-Marauder" program, which helped the 7th and 8th graders. Each 7th and 8th grader had a Teen PAL. Under the organization of **Heidi Hoffman**, President, and **Martina Lauchengco**, Vice President, Teen PALs sponsored activities throughout the year.

# MUN

Model United Nations gives students the opportunity to participate in international relations and politics. The club attended several MUN conferences this year, during which each member had to role play the part of a UN delegate. Members put a lot of time and effort, they also got to display their oratory talents and diplomatic skills. Though the theme of the club is rather serious, MUN was a lot of fun and a great learning experience. Many thanks to sponsor, **Mr. Hall**.

 WINTER'S  
 PARADISE  
 The parking lot was filled with limos and buses as people arrived to take part in this special event. Many weeks and hours of preparation had gone into all the details to make December 12th a night to remember. This year's theme was "Winter Paradise." The couples danced on "air" to the music of Stuart Townsley's 'Tunes on Tour.'  
 The dance floor was illuminated by tiny white lights surrounding the area. As usual, the photo session was a hassle, but even that couldn't put a damper on the evening. For those who stayed, it was an evening of uninterrupted dancing to cap off another terrific Winter Formal, courtesy of Girls' League.

Imagine if you will a beautiful garden luncheon: palm trees, Palos Verdes moms and dads, an exquisite meal, and an enchanting home. With this thought you have just summed up November fifth at the Mac Leod's house. The Miraleste P.T.S.A. really showed Miraleste parents a day of luxury as they voyaged through many local houses belonging to Miraleste families. Also on hand were all of the Service clubs: Key Club, Interact, GSC, and Girl's League to help with parking, chauffeuring and serving lunch. All in all, the day proved that rain may spoil a picnic, but it only compliments a Homestour.

# Leadership Camp

For Leadership Camp '88 sixty enthused and ebullient students skipped 6th period and voyaged to the resort of resorts, the UCLA Conference Center in beautiful Lake Arrowhead. During our three day visit we met in groups to discuss school related business. Between meetings we found time to enjoy sumptuous meals and to partake of the center's recreational facilities. On the last day we waited patiently for our two buses to arrive, but it seemed the snow storm had delayed them. The six hours was not put to waste, however; we built snowmen, engaged in snowball fights, and played flurry football. All in all, Leadership Camp proved to accomplish many things, and it was lots of fun.

# X-mas Tree Sales

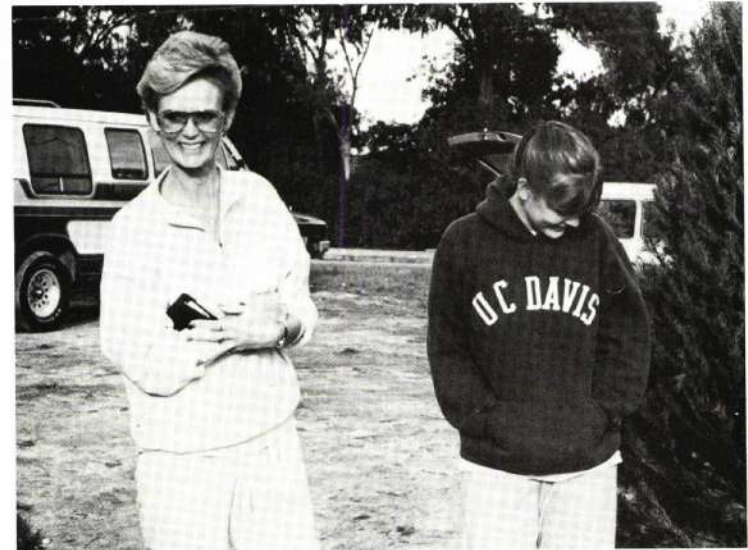

The Christmas tree sales of Miraleste have been a great tradition. This year many trees were bought by families of students at Miraleste. The trees were of fine quality and really proved the holiday spirit in everyone involved. **Mr. Graves** was pleased with the entire event and said, "I feel they have done a much better job than in the past," and, "they were so organized." The Christmas tree sales really rolled in the holiday spirit this year!

Now son, this is how you pick a Christmas tree!

Can you say "holiday spirit?"

Isn't that special?

Dad, I really love this tree!

How many Marauders does it take to prepare a X-mas tree?

# Physics is "Phun!"

1

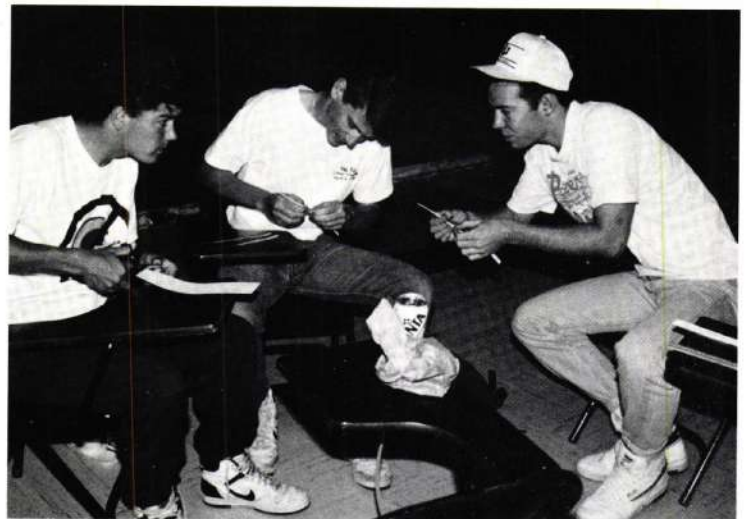

Being such a unique school, Miraleste had many fun learning adventures to offer its students. The Physics Olympics was one of these special events. The Olympics were a contest of skills wherein the students used physics to determine displacement, weight, and distance. **Linda Kurt**, our physics coordinator, sponsors and directs the the games every year.

The origin of our Physics Olympics lies at Six Flags Magic Mountain. There, competitors gather yearly from a multitude of schools to compete in the Magic Mountain Physics Olympics.

The Paper Airplane Toss, the Large Barge, the Fermi Questions, the Paper Tower, and the Egg Drop comprised the games this year. So, if you saw paper airplanes flying out or Frankie dropping eggs off the TAB, you'll understand that he's not a mad (egg) bomber, but he's learning the scientific characteristics of eggs.

# Singing A New Song

And that's exactly what many bands came together and did. At Palos Verdes High School, Miraleste and Rolling Hills joined in the effort to earn money for the homeless of L.A. The bands played all day Saturday as many students and adults from the community watched and listened. The tone of the music was Reggae, and the bright red, yellow, and green banners proved that Reggae was popular with many people. The price was a simple five dollar donation which went straight to help the homeless. It was uplifting experience to see so many people involved in such a worthwhile cause.

# We Have Spirit, We Have Class . . .

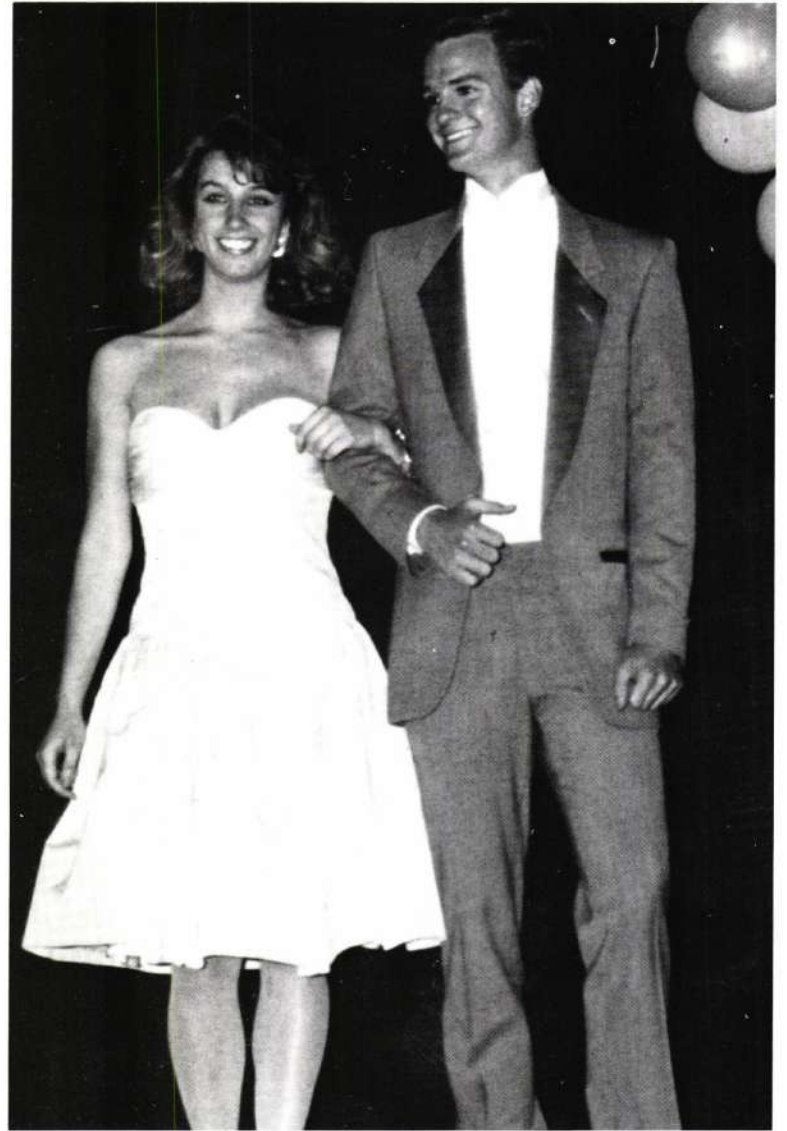

The 1988 MHS fashion show really proved to be a winner! With the theme "Sunrise to Sunset," Girls' Service, Interact, and faculty members modeled the latest and hottest fashions. The show was held on February 24, 1988 at 7:30 P.M. in the MHS TAB. The Girls' Service Club sponsored the event with help from Interact. Even **Mr. Graves** contributed by serving as Master of Ceremonies in his flashy tux. The outfits that were modeled were provided by Ambiance, Spirit, Norman's and Friar Tux. Everyone agreed that the Fashion Show was a great success. "I have attended the fashion show for three years and I must say 88's show was everything from last year doubled: more people, more models and more enthusiasm," said Girls' Service member, **Anne Rehrig**. Good job Girls' Service Club . . .

Each year in January, a few special young ladies are chosen by their peers to represent their class as Winter Spirit Nominees. They are chosen on the basis of school spirit, their ability to make friends, and all around cheerfulness. These young ladies aspire to be the Winter Spirit princess of her grade, and in the case of the seniors, Winter Spirit Queen. It is an honor to be compared to Homecoming Queen; only a very unique and outgoing person can hold these titles. Becoming Winter Spirit Queen means that a majority of your classmates feel that you have excelled in the area of social skill. Congratulations to the 1987-1988 Winter Spirit Queen and her court!

## Seniors Renew Tradition

Once again the class of '88 came out on top in the annual Powder Puff football game. With a year's experience (and last year's win) under their latex stretchies, the Seniors more than hoped for a win. They expected it! There were many activities offered for the seventh and eighth graders this year. Perhaps the annual PPFB game between the students highlighted them all. All in all, the seventh and eighth graders had plenty of activities to keep them busy and excited this year!

# Drama Does It With Style

Drama really does do everything with style. The club and the class really pulled together this year to impress everyone on campus and off. The Fall play this year was "Story Theatre" written as a book by Paul Sills. Story Theatre is a group of different stories combined to keep the attention of audiences of all ages. That is what it was designed for, and that is exactly what it achieved. After the 87-88 year of Miraleste drama, all that can be said is: "BRAVO!!!"

"The effort was super"

# Psychology Club

The aim of Psychology Club is to encourage student to learn more about psychology and to help members understand their own and other peoples' reactions to certain situations.

"This year we hope to accomplish some service projects as well as seminars for our members. The closer we come together, the more we will understand psychology and how it effects us as people." — **Marie Krista Rockwell**

## Flour Babies

Just about mid-year, Miraleste High School was invaded by the ever-so-popular flour children. This unique experiment of parenthood was developed by Ms. Dixie Stevens, our psychology instructor. This clever idea exhibited the responsibility of being a parent. The infants consist of a five-pound bag of flour, a face, four limbs, and choice of clothing. Students were required to bring their "children" everywhere, be it by stroller, backpack, basket, or by firm grip. When the babies "arrived," they were made official with a birth certificate.

The task of parenting took about two weeks. Each newborn had its own special personality and style. Throughout the weeks the parents hugged, cuddled, and loved their infants. Nevertheless, a few cases of child abuse existed.

Study partners until the end: **Danny Weitzman, Cindy Towle, and Jeff Gordon**. These original people are what make **Miraleste** the best!

# Winners in Spirit

It all started in mid-August before the halls were filled with the buzzing students. 8:00 A.M., the football field awakened with groggy players wandering to their specified areas. They started off the day with calisthenics, and then moved on from there.

The first two days of practice were the toughest. During these days, the team worked on conditioning, trying to make up for their missed spring training. Later after rehearsing plays, the players broke for water. They exchanged conversations about their summer adventures as they waited for practice to continue. Soon the whistle blew and everyone returned to work, forgetting about their summer vacation.

Soon practice was over and the players had a three hour break. Later, as the sun beat down on the field, the players returned to practice. This hectic schedule continued until school began. Then the workouts were after school and on Saturdays until the first game. Miraleste played Mira Costa and was defeated 0-19. The players knew that there was room for improvement during practice. Miraleste successfully defeated Morningside in first league game 21-20. **Lou Budde** was the Marauder quarterback helping out the injured **Mike Booth**. Other outstanding players were linebacker **Brad Barez**, fullback **Troy Jankovich** and defensive back **Jim Silane**.

# Performs Well

The only sound is the quiet hum of the motor of the bus. Here and there whispers float about. The trip to the opponent's football field finally ends and the players file out one by one. Thinking positive thoughts the players listen to the coach as he gives them encouragement and last minute advice. He tells them that winning isn't as important as knowing you did your best work. On the field all negative thoughts are blocked out with complete concentration on the game.

**Coach Mc Farland** believes that he has a strong team and that next year they will help the varsity team reach its full potential. This year's frosh-soph team has five starter freshmen that help lead the team. This frosh-soph team is important because it provides the training necessary for the varsity team. Frosh-soph outstanding players were **Scott Courtney**, **Steve Henderson**, and **Matt Beckowitz**. These fine players look forward to a great season next year.

# Serves Up A Storm, Again!

The 1987 Miraleste Girls' Tennis Team finished their season undefeated in league play and won the CIF-4A Championship for the second year in a row. Led by co-captains **Krista Amend** and **Tricia Simpson**, the team was destined for success. The captains, along with **Kim Po**, dominated the court with their singles play. Returning players **Melissa Kaiser**, **Heidi Hoffman**, **Monica Schuck**, **Aimee Akhlaghi**, **Erica Hanson**, **Laurie Galouskin**, and starting freshmen **Kristin Keller**, **Krista Corette**, **Christa Hanson**, and **Laura Bak-Boychuk** consisted of the doubles team. This unbeatable team made the Marauders the Number One team in Southern California. Coach **Jim Hanson** inspired his team to play enthusiastically and aggressively. As the year progressed, **Coach Hanson** said, "The only challenge to the team was boredom and overconfidence."

This year the Junior Varsity squad finished with an impressive 8 and 2 record, the most successful of any team **Coach Hanson** has coached. The team was led by co-captains **Heather Mac Leod** and **Krista Corette**. Their success was attributed to the hard work and team play of both the upper classmen and the new freshman class.

# Frosh/Soph Waterpolo

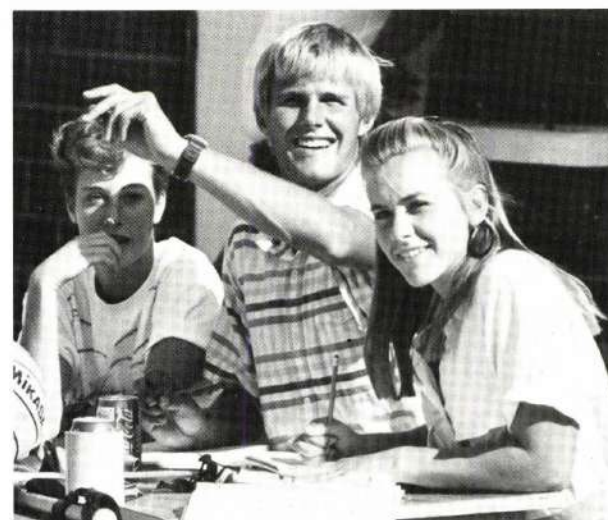

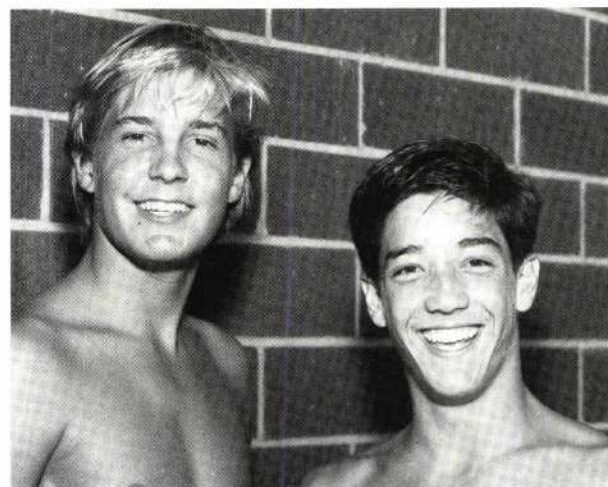

"This was the most gratifying team I have ever coached," commented **Scott Peppard** on this year's Frosh/Soph waterpolo team. Under leadership of co-captains **Dan Samsonov**, **Duane Lauchengco**, and with such outstanding players such as sophomores **Rob Standen** and goalie **Anthony Uzeta**, including freshman **Zolton Gyurko** and **Andy Foster**, it's no wonder this team ended up with a record of 15-2. With help from the strong bench that included **Brad Younggren**, **Kyle Hildebrand**, and **Brian Stoffles**, the team was undefeated in the Pioneer League. When asked about the secret of their success, coach **Scott Peppard** said, "What makes them successful is that they play together as a team and everyone gets along in and out of the tank."

# Girls' V-Ball Rolls

The team was thinking only about their important game. Enthusiasm and nervousness showed in practice. They knew that in order to stay tied for first place in league, the Miraleste Girls' Varsity Volleyball team had to beat El Segundo.

On the day of the game the team was so intent on what lay before them that all else was of little importance. School, friends, and all other activities were forgotten or ignored.

On the team's arrival at the gym, anxiety could be felt in the air. Just in warming up and stretching out, Miraleste showed its determination.

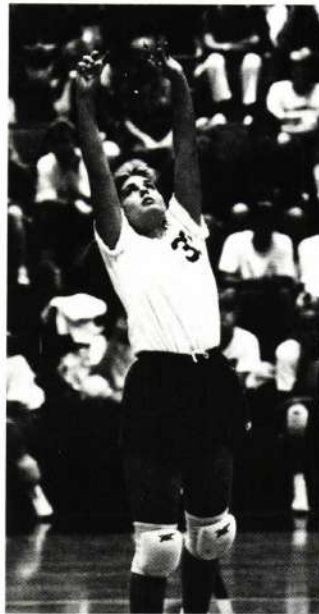

The match began with Miraleste winning the first game. The second game was close, but El Segundo turned the tables and won, tying up the score. However, Miraleste came back strongly in the third game to bring the match score to 2 to 1. Fatigue began to take its toll during the fourth game. Both teams were tired, but El Segundo won out. The score was tied 2 to 2. The last game would determine the winning team of the match. In the final game, Miraleste fought for every point. Each team matched the other, point for point. Miraleste rallied and pulled into the lead with a victory over El Segundo, winning the final game 15 to 13.

This crucial game was the crowning of Miraleste's winning season. For these reasons this year's Girls' Volleyball was one of the best teams ever to hit Miraleste.

# Out A Great Season

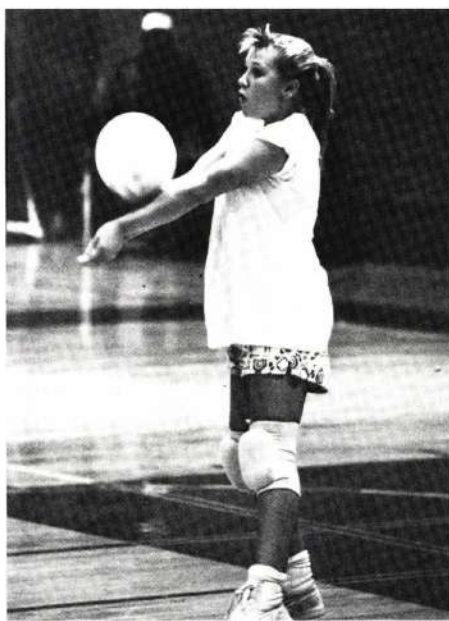

They worked as a unit and got stronger and stronger as the season progressed. For an almost all Freshman squad, the Junior Varsity Volleyball team did very well. Captains **Lisa Parsons** and **Marcelle Moses** were very supportive of their teammates. As team captains they brought about a sense of leadership on the court and in practice. The team did very well this year, having a 6 and 4 record in league and 12 and 6 overall this season. They matched up well against tough schools such as El Segundo and Redondo. They relied on strong back row passers such as **Deanna Archer** and **Cathy Pak** for accurate passes. Outside hitters included **Lisa Parsons**, **Joy Mc Cain** and **Marcelle Moses**. This year the Junior Varsity setters were **Gail Warfle** and **Michelle Moses**. This year's squad as a whole was very well rounded. Working together as a team brought many new friendships and skills to this group of players.

# Your Mark!

This Cross-Country season started with a bang and did nothing but escalate throughout the months. The runners on the team received lots of moral support and inspiration from their captains, **Gary Stolz** and **Natalie Keese**.

The finish line tape was often broken by star runners **Martina Lauchengco** and **Gary Stolz**. With their strength, both teams looked forward to CIF.

Incredibly, this year's record breaking team was even bigger than last year's, even with the decline in school enrollment. The boys' team consisted of 11 new freshmen and 2 sophomores; the girls' team had 2 new freshmen and 5 new sophomores.

It appeared that Redondo and Leuzinger would be our Cross-Country teams' toughest competitors, but because of our teams' overall strong runners we came out on top against both teams. These runners certainly made our last season unforgettable, with the girls placing 5th in CIF and the boys placing 11th.

# Take It

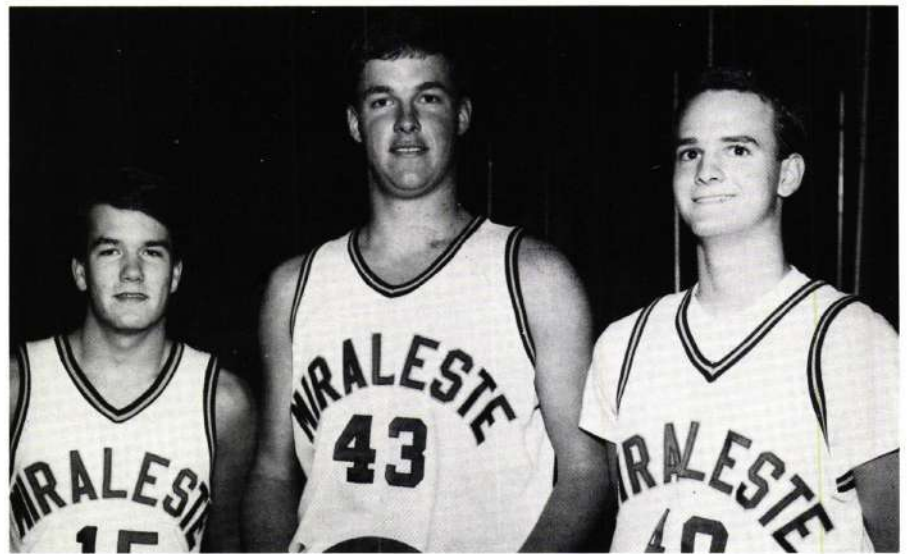

This year's Boys' Varsity Basketball was a very well-rounded team. They were not the best that ever came through Miraleste High School, but they worked hard and showed that they could work well together. Their league was a difficult one and they all put in an incredible amount of effort. They never gave up.

The team captains this year were **John Caple**, **John Woodward**, and **Scott Snyder**. With only four seniors on the team, they did an excellent job. It is unusual for MHS to have such a young varsity squad. By the end of the year everyone had improved a great deal. **Mike Booth** was one of the most outstanding players. **Curt Boyer** came onto the varsity team as a freshman, which is extremely rare, and added a lot of strength to the team.

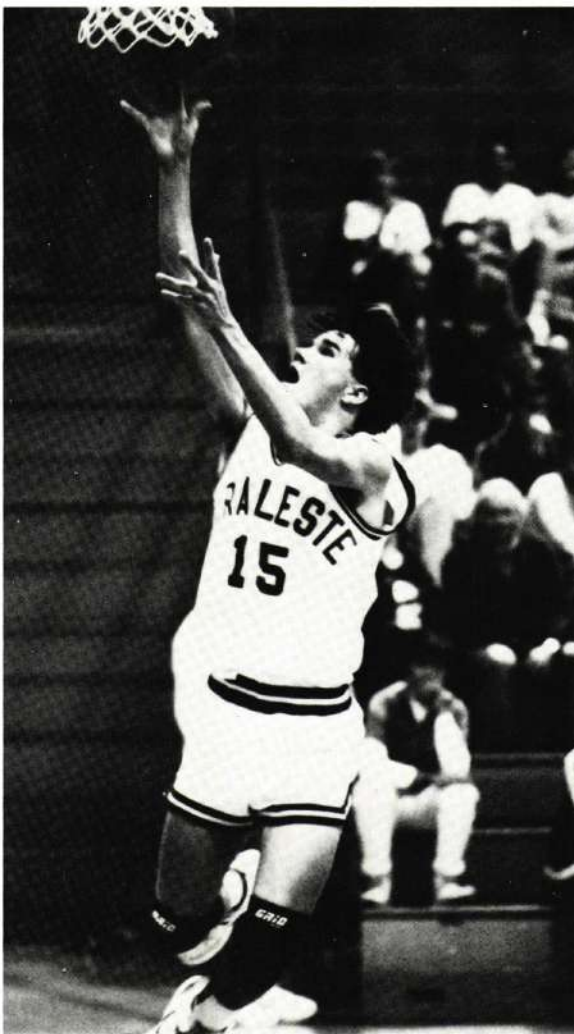

**Coach Mirsky** gave his team a lot of support and helped them through the season. All the younger players show a lot of potential for their future high school careers. Wherever they end up next year they will surely add a lot to their teams.

# Looking to

This year's JV team got off to a slow start. Although the team's wins were not numerous, their spirit and devotion to the game carried them through the season. They were a strong team as well. They played some of their best games against such teams as Leuzinger. Although they lost, they fought for each point to the very end and the scores were often very close. The captains this year were **Eric Adler** and **Rick Nogueira**. With the help of **Coach Small**, the team's spirit hardly wavered. The strong players included: **Mike Holmberg** as center, **Eric Adler** as guard, and **Aaron Hall** at forward.

# the Future

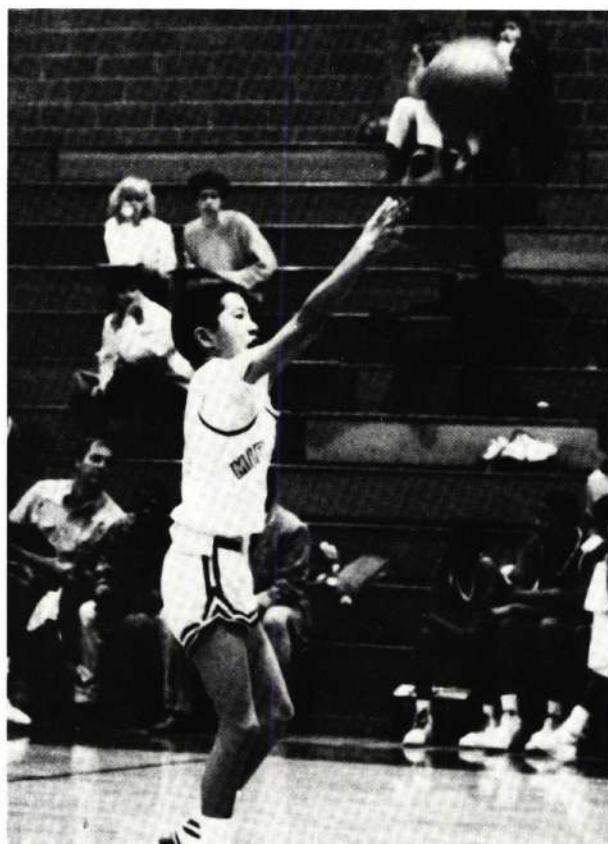

This year's Frosh/Soph boys' basketball team had an outstanding season. Not only did they exert 100% effort in practices, but they also played very well in their league games. Their ball handling skills and shooting made them one of the top teams in the league. **Coach Alesso** and **Coach Adams** kept team spirit soaring. The team respected and followed their coaches forming a tight team unit. The outstanding Frosh/Soph players included **Matt Sharar**, **Chicha Hawes**, and **Kyle Kennedy**.

The 1987-1988 Girls' Varsity Basketball Team put in a valiant effort on the court against their tough competitors. The girls played strongly in every game with their dedicated coach. **Joe Gatlin** was always giving them encouragement behind the scenes. Every girl was equal on this team, and they always played their best no matter what the score was. Unfortunately, top player, **Lisa Oswald**, was unable to play most of the season due to a broken knee.

This year's Junior Varsity team had all the qualities of a great team. They had leadership from co-captains **Leah Razalan** and top player **Danyeale Walton**. Accompanying these two were four other outstanding starters: **Libby Wolfe**, **Catherine Downard**, **Laura Bak-Boychuck**, and **Lisa Haugen**. **Coach Rey Anderson** reassured the girls and gave them confidence even when things weren't going so well. At their game against El Segundo the girls displayed the team's family bonds when the whole team stuck up for one of our girls when an opponent began to pick a fight with her. Even though this season was not a winning one, the JV Girls' Basketball team put in all their effort to be a team on and off the court.

# Teamwork Is Successful

The Boys' Varsity Soccer team this year was exactly that; a **team**. There were no true stars that completely carried the team. Of course there were a few standouts and very talented players that did contribute more than others, but this soccer team did not function unless each player did his job. With three returning varsity members and only one a previous starter, this was a young team. For most of the players, varsity action was new and at times nerves were frayed, especially in the CIF playoffs.

The Marauders proved themselves to their opponents and just missed capturing the Pioneer League title. They had an extremely successful year and proved that, above all, teamwork is the most important.

# Stars in the Making

The Junior Varsity soccer team was an extremely young team with the majority of the players being freshmen. A number of talented players held the team together and each player improved tremendously. As future varsity soccer players, the young Marauders have high expectations and with their performances of the past year their outlook is bright.

The junior varsity soccer team, while encountering stiff competition, showed composure throughout the season and gave opponents a taste of Miraleste soccer skill.

# They Headed

This year's Varsity Soccer was one of the best Girls' Soccer teams to hit Miraleste. The team had ten wins and were second in the Pioneer League. Miraleste was considered the team that could be taken lightly, but the team showed that it would be hard to beat. The team was made up mostly of returning players, with just a few new players. The defense was more or less a wall of strength that kept the opposing front line out of scoring range. The Miraleste forwards, at the other end of the field, used their speed and skill to get around defenders and score.

All in all, the team's efforts brought them through many games on top.

This year's JV Girls' soccer team had a successful year. The team was strong in both spirit and skill. They practiced hard and played even harder. Their enthusiasm and sportsmanship can be accredited to the strong coaching. This year's girls' softball team continued the winning tradition established in the past. Last year the team went to the CIF semifinals, and this year's goals were set even higher. Four year varsity player, **Brandi Pilato** said, "We have a very good team this year with an excellent chance in CIF." As the team looked forward to a win against Redondo, the team members practiced vigorously daily with **Coach Matull's** motivation. Strong players such as pitcher, **Jenni Van Wie**, catcher, **Brandi Pilato** and **Lisa Von Slomski** at third base helped to lead the team to victory.

The enthusiastic Junior Varsity Softball team looked to their Varsity teammates for inspiration to bring success to the team. The young players were advised by their two year veteran coach **Taffy Wright**. Outstanding Junior Varsity players were **Kelli Gibbs**, **Eunice Razalan**, and **Alice Mansfield**.

# Team Effort

This year's Varsity team did very well with all but three of the members returning varsity players. There was little doubt that they would be successful. All the players were exceptional individually, but became an awesome force when combined. It was this togetherness which helped them to win their games. Because members of the team were great friends, they were very supportive of each other. They quickly got to know the new setters in order to pull together as a team and win. **Peter Leimbach** was among these new setters. All in all it was the team's unity that brought them through all types of matches: hard, easy, even the nail-biting, pressure-filled type.

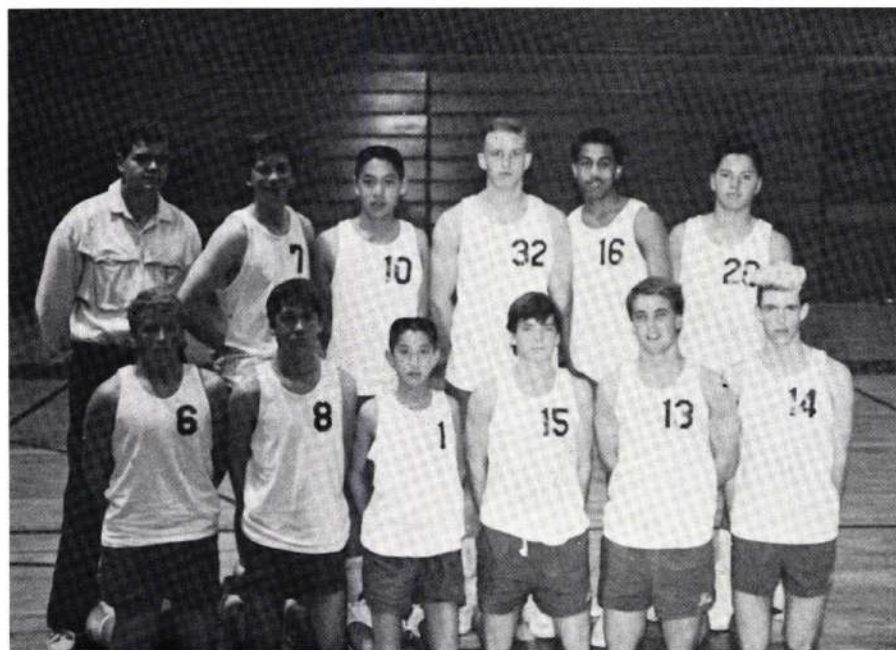

# = Success

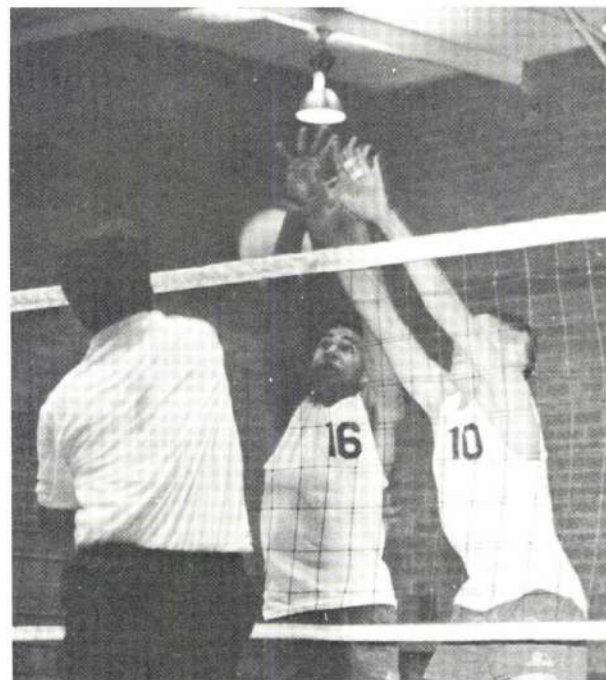

This Junior Varsity Volleyball Team did exceptionally well. Coached by **Jon Axtel**, they developed the team into a great one. By the time league games started they were already on their way to success. The hard practicing and tough drills all came together and helped the team through league play. Their intensity, skill, and camaraderie took the team through the tough matches. **Coach Axtel** developed many plays for the team which also helped them to become successful. Although they weren't the star performers, the whole team was definitely reaching for the stars.

# Swinging

This year's golf team, led by coach **Roy Wilton**, showed a lot of potential. They worked well together as a team and it appeared that this year was one of the school's best ever.

A great amount of freshmen joined the team this year and they showed much interest in the game. Improvement was rapid because of this enthusiasm. Near the end of the season there were several freshmen who showed varsity potential.

This year's best players were Juniors **Yascha Feld**, **Ken Mizoo**, and Seniors **Doug Pitchford** and **Mark Freeman**.

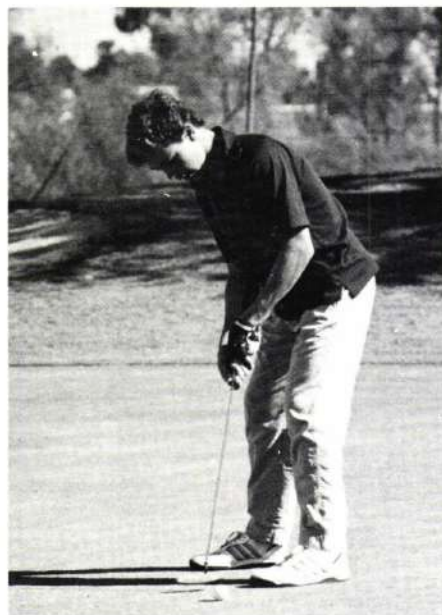

"This team is as good or better than 1983's team (one of Miraleste's best ever)," stated **Coach Wilton**. He had great expectations for them. In the last 8 years Miraleste High School's golf team has placed 2nd in or else won their league. The team played in the Ocean League, competing against Beverly Hills, Harvard, and Santa Monica, among others.

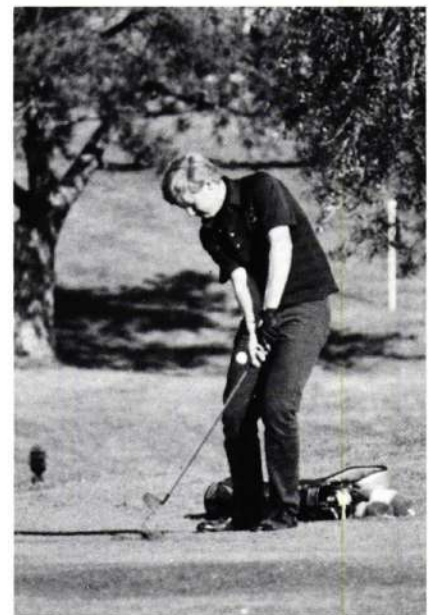

The Team: Coach Wilton, P. Jones, M. Freeman, Z. Kazarian, A. De LaTorre, D. Pitchford, M. Lorman, V. Nerone, J. Wilton, K. Mizoo, Y. Feld, M. Wisot, M. La Caze, G. Markman.

The best part of golf is getting to hold the little blue flag.

# Thinks Big

This year's track team was unusually small, but had some very successful and skillful runners. Due to the team's small numbers, the team did not fare as well against some of the larger schools in the league. There were, however, some superb individual efforts by **Gary Stolz**, **Martina Lauchengco**, **Marilyn Cragin**, and **Kai Mackey**, who all did very well.

To round out the season, all the athletes did superb jobs and are to be congratulated on their efforts.

# in Stroke

The Miraleste boys varsity tennis team had an excellent year. With many returning players, this year's team was a force to be reckoned with. This year's team had a great balance and a solid depth in the top twelve players. Led by captains **Scott Hansen** and **Alex Shen** the team did quite well against Beverly Hills, Palos Verdes, and Rolling Hills. As usual, the goal was to reach the CIF-5A finals and win. The expert coaching of **Jim Hanson** helped the team improve throughout the year.

Looking back on the past year, we remember the helpfulness of all our Administrators and Counselors; the warm smile of our principal, **Mr. White**, every time we saw him in the halls, the welcoming atmosphere of the counselor's office as we discussed future plans. The counselors helped us realize our many advantages and opportunities so that we were could prepare for college and the outside world. As we take a step back we remember **Mr. Terry** caring for the discipline and management of the Miraleste Students. **Mr. Seymour** throughout Miraleste history has been very supportive of the students' curriculum. **Ms. Strauss** took on a courageous job as the first Miraleste dean of seventh and eighth grade students, lending a helpful hand during the year to our new mini-Marauders, and **Coach Graves** brought many fun and exciting activities to Miraleste during his 4 years as Dean of Student Activities.

# Mr. White — In A Class By Himself

The El Mirador staff of 1987-88 would like to dedicate this yearbook to Miraleste's principal, **John White**. In so doing, we recognize his fine leadership abilities, undying dedication, and good-natured attitude toward all the projects he has undertaken. With **Mr. White's** arrival, there was a general feeling that he was just another principal to fill the vacancy. However, no one realized what was in store for Miraleste. **Mr. White** brought the students and faculty together, and gave us hope for the future. His warm, smiling face, and glowing personality left a strong impression on everyone. **Mr. White** has kept this school together at times when it seemed as if there were no hope for Miraleste. He was ever present on campus and at activities, and always happy to spend time with students. He was more than just another administrative figure behind a desk. He was a real person that students could talk to and trust. **Mr. White** has been a special and indispensable part of Miraleste. We hope that he will proudly accept this dedication.

The best of luck and a sincere thanks,  
The 1987-88 El Mirador Staff

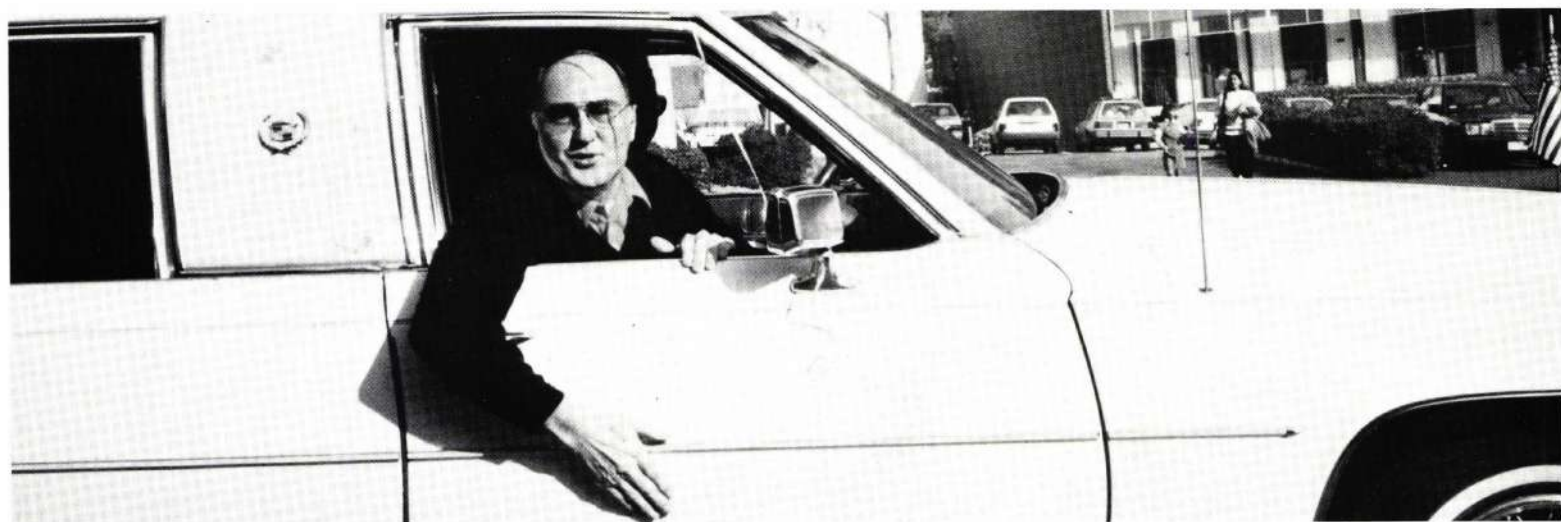

# Principal's Advisory Council

The objective of the Principal's Advisory Council is to sharpen the image of Miraleste and to keep the principal aware of student-related problems. It also gives students a chance to voice their opinions on controversial matters.

The members of this council are carefully selected at the beginning of the school year. Hoping to represent the entire student body, the administration chooses a broad variety of individuals. Topics for discussion range from the students' point of view about forming a new school district to planning a field trip for the Juniors so that they might catch a glimpse of their new school before actually attending either Rolling Hills or Palos Verdes next year.

The Principal's Advisory Council has definitely proved to be an important asset to the school. Members **Krista Rockwell** and **Kristina Clark** said, "We feel that the Principals' Advisory Council meets the needs of a more direct relationship between and better understanding towards students and faculty."

# Senior Portraits

Can you believe that this is none other than our own Marion Hanson?

Amazing! Are these our teachers? Yes, as shocking as it may seem these "hip, teenie bopper" graduate students are our teachers today, and strangely enough they participated in many of the same activities and said similar phrases that teenagers say today. Can you imagine Mrs. Hanson saying, "Can you dig it?" Mrs. Appy saying, "That was rank," or Mrs. Poe replying "groovy!" It's interesting to see how times change but in many ways stay the same by letting the "Good Times Roll!"

## El Mirador 1987-1988

Marauders have always shown true spirit in its brightest colors. Our Philosophy has been, "Work hard, Rage hard." Never be afraid of what lies ahead. Miraleste High School will close its halls within this year and we will all face the challenge of a new environment next year. As unfortunate as this is, you will undoubtedly carry many lasting memories with you of the best high school on the hill. For seniors, the challenge will be college. Here's to you, the graduating class of 1988 — we made it.

Nature's first green is gold,  
Her hardest hue to hold.  
Her early leaf's a flower;  
But only so an hour.  
Then leaf subsides to leaf.  
So Eden sank to grief,  
So dawn goes down to day.  
Nothing gold can stay.

We all knew it would end,  
But somehow it seemed so far away  
And now it's here  
Never again will we all be together  
The friendships that were made  
The fun times that we had together  
We're invincible, unconquerable, awesome  
And although we're going our separate ways  
The memories of all the fun times we've had  
will never be forgotten  
and in our minds  
we will always be together

I'll miss you & I love you all,

It seems like you and I have always been together,  
I know we'll be friends and sisters forever.  
Thinking of times we've spent at our special place  
I always picture your caring face.  
You listened to me when I needed you,  
And I tried to help when you needed me to.  
Our friendship is something very rare,  
It comes only once in a lifetime for two people to share.

### Our Friendship

Every day of our friendship is as exciting as the first rays of a new dawn. Time may pass and space may separate us, but distance cannot alter feelings and trust between true friends who realize that the same sun shines on us all and the same common bond is felt in the heart. As our friendship grows and days become years, we will look at our friendship as a priceless gift given to our yesterdays and waiting for our tomorrows.

**Ten Speed Press and Celestial Arts**

would like to congratulate the graduating students of Miraleste High School and also any dropouts!

As publisher of books for students of all ages we would like to recommend a short list of titles in paperback that can be obtained in most bookstores: **Finding Facts Fast** by Alden Todd, **What Color Is Your Parachute?** by Richard Bolles, **Write Right!** by Jan Venolia, **Sweaty Palms** by Anthony Medley, **The Moosewood Cookbook** by Mollie Katzen, and **The Bike Bag Book** by Tom Cuthbertson.

As president of Ten Speed Press and Celestial Arts I am most pleased to reserve the space here for a baby picture of my niece Chia-Ann Yen. Of course, I realize that since she is editor of this yearbook she just might censor out this adorable photo.

Have a great summer all of you and please write to us for a free catalog of over 250 books and posters including four glow-in-the-dark dinosaurs and maps of the solar system, the universe, and the ocean floors!

Amy, Corie, Shane, and Sarah,  
These are the best days of our lives, right?  
Sure, of course. But thanks for being the best  
friends that anyone could ever have! The memories  
we have will last a lifetime...

Amy: Learn to drive, k? Well at least we know you  
don't dye your hair because we'll be Malibu  
Barbies from Mars forever! Anytime you want  
make stockings, let me know!

Corie: "Naughty girls need love too" so "Get Ready"  
to find our "True Devotion" and if we're  
lucky, we'll find it in 'Spew Blue' while  
having one of our famous taste tests. Guys  
the sky is falling!

Shane: Try not to get lost at the beach anymore  
and maybe I'll let you make green cookies  
again. Or better yet, we'll go ice skat-  
ing. What else can I say? Happy Halloween!

Sarah: Happy New Year Eric! We found our bottle!  
You better stay off the road and you know  
those red octagonal signs? Well, they  
mean STOP! Don't ever forget the night  
you, me and the Westec signs had fun!!

Thanks again for all of your love and support  
because, I couldn't have made it through w/o you  
guys. Thanks for all the advice and just listen-  
ing when I needed to talk. I love you guys!!!!!!
